

## LENDINGTREE REPORTS SECOND QUARTER 2020 RESULTS

*Results demonstrate benefits of diversification & flexible cost structure*

- Consolidated revenue of \$184.3 million
- GAAP net loss from continuing operations of \$(8.6) million or \$(0.66) per diluted share
- Variable marketing margin of \$82.5 million
- Adjusted EBITDA of \$30.8 million
- Adjusted net income per share of \$0.46

CHARLOTTE, NC - August 4, 2020 - LendingTree, Inc. (NASDAQ: TREE), operator of LendingTree.com, the nation's leading online financial services marketplace, today announced results for the quarter ended June 30, 2020.

The company has posted a letter to shareholders on the company's website at [investors.lendingtree.com](https://investors.lendingtree.com).

"Despite the challenging backdrop, our team executed incredibly well in the second quarter," said Doug Lebda, Chairman & CEO. "While our business has not been immune to effects of the current environment, it has certainly proven resilient. We believe times like these tend to separate the leaders from the pack, and we're confident that our market-leading position should enable to us to reap the benefits of an accelerating digital transformation in consumer finance."

J.D. Moriarty, CFO, added, "Our second quarter results are a testament to the durability of our business. While some of our businesses are being tested, others are thriving and we continue to generate significant cash flows. In addition, our balance sheet is incredibly healthy, and we remain focused on leveraging our market-leading position to propel the company forward."

### Second Quarter 2020 Business Highlights

- Home segment revenue of \$74.1 million and segment profit of \$38.7 million grew 3% and 60%, respectively, over second quarter 2019.
  - Within Home, mortgage products revenue grew 22% over the prior year period.
- Insurance revenue of \$72.9 million grew 1% over second quarter 2019 and translated into Insurance segment profit of \$30.1 million, up 5% over the same period.
- Consumer segment revenue of \$37.1 million decreased 71% over second quarter 2019, driven by the impact of COVID-19, the ensuing economic recession, and the corresponding tightening of credit among our lender partners.
  - Within Consumer, credit card revenue of \$7.2 million decreased 87% year-over-year.
  - Personal loans revenue of \$8.8 million decreased 79% year-over-year.
  - Small business revenue declined 82% year-over-year.
- Through June 30, 15.2 million consumers have signed up for My LendingTree.

<i>Variable marketing margin % of revenue</i>	45%	34%		35%	

- (1) The Home segment includes the following products: purchase mortgage, refinance mortgage, home equity loans and lines of credit, reverse mortgage loans, and real estate.
- (2) The Consumer segment includes the following products: credit cards, personal loans, small business loans, student loans, auto loans, deposit accounts, and other credit products such as credit repair and debt settlement.
- (3) The Insurance segment consists of insurance quote products.
- (4) The Other category primarily includes revenue from the resale of online advertising space to third parties and revenue from home improvement referrals, and the related variable marketing and advertising expenses.
- (5) Brand marketing expense represents the portion of selling and marketing expense attributable to variable costs paid for advertising, direct marketing and related expenses that are not assignable to the segments' products. This measure excludes overhead, fixed costs and personnel-related expenses.

## Business Outlook

On April 14, LendingTree withdrew its full-year 2020 guidance due to economic uncertainty related to COVID-19. Today, the company is providing revenue, variable marketing margin and adjusted EBITDA guidance for the third quarter of 2020, as follows:

For third quarter 2020:

- Revenue is expected in the range of \$200 - \$215 million.
- Variable marketing margin is expected in the range of \$72 - \$80 million.
- Adjusted EBITDA is expected in the range of \$16 - \$21 million.

LendingTree is not able to provide a reconciliation of projected variable marketing margin or adjusted EBITDA to the most directly comparable expected GAAP results due to the unknown effect, timing and potential significance of the effects of legal matters, tax considerations, and income and expense from changes in fair value of contingent consideration from acquisitions. Expenses associated with legal matters, tax consequences, and income and expense from changes in fair value of contingent consideration from acquisitions have in the past, and may in the future, significantly affect GAAP results in a particular period.

## Quarterly Conference Call

A conference call to discuss LendingTree's second quarter 2020 financial results will be webcast live today, August 4, 2020 at 9:00 AM Eastern Time (ET). The live audiocast is open to the public and will be available on LendingTree's investor relations website at [investors.lendingtree.com](http://investors.lendingtree.com). The call may also be accessed toll-free via phone at (877) 606-1416. Callers outside the United States and Canada may dial (707) 287-9313. Following completion of the call, a recorded replay of the webcast will be available on LendingTree's investor relations website until 12:00 PM ET on Wednesday, August 12, 2020. To listen to the telephone replay, call toll-free (855) 859-2056 with passcode #5265009. Callers outside the United States and Canada may dial (404) 537-3406 with passcode #5265009.

## LENDINGTREE'S RECONCILIATION OF NON-GAAP MEASURES TO GAAP

**Adjusted Net Income**

Below is a reconciliation of net (loss) income from continuing operations to adjusted net income and net (loss) income per diluted share from continuing operations to adjusted net income per share. See "LendingTree's Principles of Financial Reporting" for further discussion of the Company's use of these non-GAAP measures.

	Three Months Ended		
	June 30, 2020	March 31, 2020	June 30, 2019
	<i>(in thousands, except per share amounts)</i>		
<b>Net (loss) income from continuing operations</b>	<b>\$ (8,616)</b>	<b>\$ 18,976</b>	<b>\$ 12,981</b>
Adjustments to reconcile to adjusted net income:			
Non-cash compensation	13,158	11,917	15,982
Loss (gain) on impairments and disposal of assets	22	530	(2,196)
Acquisition expense	20	2,180	60
Change in fair value of contingent consideration	9,175	(8,122)	2,790
Severance	32	158	403
Litigation settlements and contingencies	(1,325)	329	8
Income tax benefit from adjusted items	(5,357)	(1,760)	(4,663)
Excess tax benefit from stock-based compensation	(753)	(1,054)	(7,723)
Income tax benefit from CARES Act	—	(6,104)	—
<b>Adjusted net income</b>	<b>\$ 6,356</b>	<b>\$ 17,050</b>	<b>\$ 17,642</b>
<b>Net (loss) income per diluted share from continuing operations</b>	<b>\$ (0.66)</b>	<b>\$ 1.34</b>	<b>\$ 0.87</b>
Adjustments to reconcile net (loss) income from continuing operations to adjusted net income	1.15	(0.14)	0.31
Adjustments to reconcile effect of dilutive securities	(0.03)	—	—
<b>Adjusted net income per share</b>	<b>\$ 0.46</b>	<b>\$ 1.20</b>	<b>\$ 1.18</b>
<b>Adjusted weighted average diluted shares outstanding</b>	<b>13,814</b>	<b>14,158</b>	<b>14,908</b>

Effect of dilutive securities	—	1,201	2,103
<b>Weighted average basic shares outstanding</b>	<b>12,984</b>	<b>12,957</b>	<b>12,805</b>

## LENDINGTREE'S PRINCIPLES OF FINANCIAL REPORTING

LendingTree reports the following non-GAAP measures as supplemental to GAAP:

- Variable marketing margin, including variable marketing expense
- Variable marketing margin % of revenue
- Earnings Before Interest, Taxes, Depreciation and Amortization, as adjusted for certain items discussed below ("Adjusted EBITDA")
- Adjusted EBITDA % of revenue
- Adjusted net income
- Adjusted net income per share

Variable marketing margin is a measure of the efficiency of the Company's operating model, measuring revenue after subtracting variable marketing and advertising costs that directly influence revenue. The Company's operating model is highly sensitive to the amount and efficiency of variable marketing expenditures, and the Company's proprietary systems are able to make rapidly changing decisions concerning the deployment of variable marketing expenditures (primarily but not exclusively online and mobile advertising placement) based on proprietary and sophisticated analytics. Variable marketing margin and variable marketing margin % of revenue are primary metrics by which the Company measures the effectiveness of its marketing efforts.

Adjusted EBITDA and adjusted EBITDA % of revenue are primary metrics by which LendingTree evaluates the operating performance of its businesses, on which its marketing expenditures and internal budgets are based and, in the case of adjusted EBITDA, by which management and many employees are compensated.

Adjusted net income and adjusted net income per share supplement GAAP income from continuing operations and GAAP income per diluted share from continuing operations by enabling investors to make period to period comparisons of those components of the nearest comparable GAAP measures that management believes better reflect the underlying financial performance of the Company's business operations during particular financial reporting periods. Adjusted net income and adjusted net income per share exclude certain amounts, such as non-cash compensation, non-cash asset impairment charges, gain/loss on disposal of assets, severance, litigation settlements and contingencies, acquisition and disposition income or expenses including with respect to changes in fair value of contingent consideration, one-time items which are recognized and recorded under GAAP in particular periods but which might be viewed as not necessarily coinciding with the underlying business operations for the periods in which they are so recognized and recorded, the effects to income taxes of the aforementioned adjustments and any excess tax benefit or expense associated with stock-based compensation recorded in net income in conjunction with FASB pronouncement ASU 2016-09. LendingTree believes that adjusted net income and adjusted net income per share are useful financial indicators that provide a different view of the financial performance of the Company than adjusted EBITDA (the primary metric by which LendingTree evaluates the operating performance of its businesses) and the GAAP measures of net income from continuing operations and GAAP income per diluted share from continuing operations.

These non-GAAP measures should be considered in addition to results prepared in accordance with GAAP, but should not be considered a substitute for or superior to GAAP results. LendingTree provides and encourages investors to examine the reconciling adjustments between the GAAP and non-GAAP measures set forth above.

### Definition of LendingTree's Non-GAAP Measures

Variable marketing margin is defined as revenue less variable marketing expense. Variable marketing expense is defined as the expense attributable to variable costs paid for advertising, direct marketing and related expenses, including the portion of cost of revenue attributable to costs paid for advertising re-sold to third parties, and excluding overhead, fixed costs and personnel-related expenses. The majority of these variable advertising costs are expressly intended to drive traffic to our websites and these variable advertising costs are included in selling and marketing expense on the

company's consolidated statements of operations and consolidated income. When advertising inventory is re-sold to third parties, the proceeds of such transactions are included in revenue for the purposes of calculating variable marketing margin, and the costs of such re-sold advertising are included in cost of revenue in the company's consolidated statements of operations and consolidated income and are included in variable marketing expense for purposes of calculating variable marketing margin.

EBITDA is defined as net income from continuing operations excluding interest, income taxes, amortization of intangibles and depreciation.

Adjusted EBITDA is defined as EBITDA excluding (1) non-cash compensation expense, (2) non-cash impairment charges, (3) gain/loss on disposal of assets, (4) restructuring and severance expenses, (5) litigation settlements and contingencies, (6) acquisitions and dispositions income or expense (including with respect to changes in fair value of contingent consideration), and (7) one-time items.

Adjusted net income is defined as net income (loss) from continuing operations excluding (1) non-cash compensation expense, (2) non-cash impairment charges, (3) gain/loss on disposal of assets, (4) restructuring and severance expenses, (5) litigation settlements and contingencies, (6) acquisitions and dispositions income or expense (including with respect to changes in fair value of contingent consideration), (7) one-time items, (8) the effects to income taxes of the aforementioned adjustments, and (9) any excess tax benefit or expense associated with stock-based compensation recorded in net income in conjunction with FASB pronouncement ASU 2016-09.

Adjusted net income per share is defined as adjusted net income divided by the adjusted weighted average diluted shares outstanding. For periods which the Company reports GAAP loss from continuing operations, the effects of potentially dilutive securities are excluded from the calculation of net loss per diluted share from continuing operations because their inclusion would have been anti-dilutive. In periods where the Company reports GAAP loss from continuing operations but reports positive non-GAAP adjusted net income, the effects of potentially dilutive securities are included in the denominator for calculating adjusted net income per share.

LendingTree endeavors to compensate for the limitations of these non-GAAP measures by also providing the comparable GAAP measures with equal or greater prominence and descriptions of the reconciling items, including quantifying such items, to derive the non-GAAP measures. These non-GAAP measures may not be comparable to similarly titled measures used by other companies.

### **One-Time Items**

Adjusted EBITDA and adjusted net income are adjusted for one-time items, if applicable. Items are considered one-time in nature if they are non-recurring, infrequent or unusual, and have not occurred in the past two years or are not expected to recur in the next two years, in accordance with SEC rules. For the periods presented in this report, there are no adjustments for one-time items, except for the \$6.1 million income tax benefit from the CARES Act in Q1 2020.

### **Non-Cash Expenses That Are Excluded From LendingTree's Adjusted EBITDA and Adjusted Net Income**

Non-cash compensation expense consists principally of expense associated with the grants of restricted stock, restricted stock units and stock options. These expenses are not paid in cash and LendingTree includes the related shares in its calculations of fully diluted shares outstanding. Upon settlement of restricted stock units, exercise of certain stock options or vesting of restricted stock awards, the awards may be settled on a net basis, with LendingTree remitting the required tax withholding amounts from its current funds. Cash expenditures for employer payroll taxes on non-cash compensation are included within adjusted EBITDA and adjusted net income.

Amortization of intangibles are non-cash expenses relating primarily to acquisitions. At the time of an acquisition, the intangible assets of the acquired company, such as purchase agreements, technology and customer relationships, are valued and amortized over their estimated lives. Amortization of intangibles are only excluded from adjusted EBITDA.

## Safe Harbor Statement Under the Private Securities Litigation Reform Act of 1995

The matters contained in the discussion above may be considered to be “forward-looking statements” within the meaning of the Securities Act of 1933 and the Securities Exchange Act of 1934, as amended by the Private Securities Litigation Reform Act of 1995. Those statements include statements regarding the intent, belief or current expectations or anticipations of LendingTree and members of our management team. Factors currently known to management that could cause actual results to differ materially from those in forward-looking statements include the following: uncertainty regarding the duration and scope of the coronavirus referred to as COVID-19 pandemic; actions governments and businesses take in response to the pandemic, including actions that could affect levels of advertising activity; the impact of the pandemic and actions taken in response to the pandemic on national and regional economies and economic activity; the pace of recovery when the COVID-19 pandemic subsides; adverse conditions in the primary and secondary mortgage markets and in the economy, particularly interest rates; default rates on loans, particularly unsecured loans; demand by investors for unsecured personal loans; the effect of such demand on interest rates for personal loans and consumer demand for personal loans; seasonality of results; potential liabilities to secondary market purchasers; changes in the Company's relationships with network lenders, including dependence on certain key network lenders; breaches of network security or the misappropriation or misuse of personal consumer information; failure to provide competitive service; failure to maintain brand recognition; ability to attract and retain consumers in a cost-effective manner; the effects of potential acquisitions of other businesses, including the ability to integrate them successfully with LendingTree's existing operations; accounting rules related to contingent consideration and excess tax benefits or expenses on stock-based compensation that could materially affect earnings in future periods; ability to develop new products and services and enhance existing ones; competition; allegations of failure to comply with existing or changing laws, rules or regulations, or to obtain and maintain required licenses; failure of network lenders or other affiliated parties to comply with regulatory requirements; failure to maintain the integrity of systems and infrastructure; liabilities as a result of privacy regulations; failure to adequately protect intellectual property rights or allegations of infringement of intellectual property rights; and changes in management. These and additional factors to be considered are set forth under “Risk Factors” in our Annual Report on Form 10-K for the period ended December 31, 2019, in our Form 10-Q for the period ended March 31, 2020, and in our other filings with the Securities and Exchange Commission. LendingTree undertakes no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or changes to future operating results or expectations.

### About LendingTree, Inc.

LendingTree, Inc. is the parent of LendingTree, LLC and several companies owned by LendingTree, LLC (collectively, "LendingTree" or the "Company").

LendingTree operates what it believes to be the leading online consumer platform that connects consumers with the choices they need to be confident in their financial decisions. The Company offers consumers tools and resources, including free credit scores, that facilitate comparison-shopping for mortgage loans, home equity loans and lines of credit, reverse mortgage loans, auto loans, credit cards, deposit accounts, personal loans, student loans, small business loans, insurance quotes and other related offerings. The Company primarily seeks to match in-market consumers with multiple providers on its marketplace who can provide them with competing quotes for loans, deposit products, insurance or other related offerings they are seeking. The Company also serves as a valued partner to partners and other providers seeking an efficient, scalable and flexible source of customer acquisition with directly measurable benefits, by matching the consumer inquiries it generates with these providers.

LendingTree, Inc. is headquartered in Charlotte, NC. For more information, please visit [www.lendingtree.com](http://www.lendingtree.com).
