## CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Certain matters contained and incorporated by reference in this prospectus may be considered to be "forward-looking statements" within the meaning of the Securities Act of 1933 and the Securities Exchange Act of 1934, as amended by the Private Securities Litigation Reform Act of 1995. Those statements include statements regarding the intent, belief or current expectations of the Company and members of our management team.

Factors currently known to management that could cause actual results to differ materially from those in forward-looking statements include the following: our ability to operate effectively as a separate public entity following our spin-off from IAC in August 2008; additional costs associated with operating as an independent company; volatility in our stock price and trading volume; our ability to obtain financing on acceptable terms; limitations on our ability to enter into transactions due to spin-related restrictions; adverse conditions in the primary and secondary mortgage markets and in the economy; adverse conditions in our industries; adverse conditions in the credit markets; seasonality in our businesses; potential liabilities to secondary market purchasers; changes in our relationships with network lenders, real estate professionals, credit providers and secondary market purchasers; breaches of our network security or the misappropriation or misuse of personal consumer information; our failure to provide competitive service; our failure to maintain brand recognition; our ability to attract and retain customers in a cost-effective manner; our ability to develop new products and services and enhance existing ones; competition from our network lenders and affiliated real estate professionals; our failure to comply with existing or changing laws, rules or regulations, or to obtain and maintain required licenses; failure of our network lenders or other affiliated parties to comply with regulatory requirements; failure to maintain the integrity of our systems and infrastructure; liabilities as a result of privacy regulations; failure to adequately protect our intellectual property rights or allegations of infringement of intellectual property rights; changes in our management; and deficiencies in our disclosure controls and procedures and internal control over financial reporting. These and additional factors to be considered are set forth under "Risk Factors" in our 2009 Annual Report on Form 10-K, and in our other filings with the Securities and Exchange Commission. We undertake no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or changes to future operating results or expectations.

## RISK FACTORS

Before making any investment decision with respect to our common stock, you should carefully consider the risks, cautionary statements and other information contained in this prospectus and in our filings with the SEC that we incorporate herein by reference, including our 2009 Annual Report on Form 10-K and our Quarterly Report on Form 10-Q for the quarter ended March 31, 2010. The risks and uncertainties described in these documents are not the only ones we face. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business. If any of these known or unknown risks or uncertainties actually occurs with material adverse effects on our company, our business, financial condition, results of operation and/or liquidity could be seriously harmed. In that event, the market price for our common stock will likely decline, and you may lose all or part of your investment.

## USE OF PROCEEDS

Any proceeds received by us in connection with the issuance of the shares covered by this prospectus (for example, upon the exercise of stock options) will be used for general corporate purposes.

## PLAN OF DISTRIBUTION

Shares offered hereby will be issued pursuant to the Stock and Annual Incentive Plan and the Director Plan.

### DESCRIPTION OF THE STOCK AND ANNUAL INCENTIVE PLAN

The Stock and Annual Incentive Plan permits the grant of options, stock appreciation rights ("SARs"), restricted stock, restricted stock units, other stock-based awards and bonus awards. Individuals eligible to receive awards and grants under the Stock and Annual Incentive Plan include our directors, officers, employees and consultants or the directors, officers, employees and consultants of any of our subsidiaries or affiliates as well as prospective employees and consultants who have agreed to serve us. The Stock and Annual Incentive Plan is not subject to the requirements of the Employee Retirement Income Security Act of 1974.

A summary of the principal features of the Stock and Annual Incentive Plan is provided below but is qualified in its entirety by reference to the full text of the Stock and Annual Incentive Plan, which is included as Exhibit 10.30 to this prospectus.

#### Administration

The Stock and Annual Incentive Plan is administered by the Compensation Committee or such other committee of our board of directors as it may from time to time designate. Among other things, the Compensation Committee selects individuals to whom awards may be granted, determines the type of award as well as the number of shares of common stock to be covered by each award, determines the terms and conditions of any such awards and interprets the terms and provisions of the Stock and Annual Incentive Plan and any stock award issued under the Stock and Annual Incentive Plan. Determinations of the Compensation Committee are final, binding and conclusive.

#### Eligibility

In addition to individuals who hold outstanding adjusted awards, persons who serve or agree to serve as our officers, employees, non-employee directors or consultants or as officers, employees, non-employee directors or consultants of our subsidiaries and affiliates are eligible to be granted awards under the Stock and Annual Incentive Plan.

#### Shares Subject to the Plan

The Stock and Annual Incentive Plan authorizes the issuance of up to 2,750,000 shares of common stock pursuant to new awards under the plan, plus shares to be granted pursuant to the assumption of outstanding adjusted awards, and no single participant may be granted awards covering in excess of 1,833,333 shares of common stock over the life of the Stock and Annual Incentive Plan.

The shares of common stock subject to grant under the Stock and Annual Incentive Plan are to be made available from authorized but unissued shares or from treasury shares, as determined from time to time by the board of directors. Other than adjusted awards, to the extent that any stock award is forfeited, or any option or stock appreciation right terminates, expires or lapses without being exercised, or any award is settled for cash, the shares of common stock subject to such awards not delivered as a result thereof will again be available for use under the Stock and Annual Incentive Plan. The Stock and Annual Incentive Plan provides that any shares subject to any such award that terminates, expires, or lapses will not count against the maximum number of shares that may be subject to awards granted to any individual participant. However, any shares subject to any such awards that are settled for cash will continue to count against the maximum number of shares that may be subject to awards granted to any individual participant. If the exercise price of any option and/or the tax

withholding obligations relating to any award are satisfied by delivering shares of common stock (by either actual delivery or by attestation), only the number of shares of common stock issued net of the shares of common stock delivered or attested to will be deemed delivered for purposes of the limits in the plan. To the extent any shares of common stock subject to an award are withheld to satisfy the exercise price (in the case of an option) and/or the tax withholding obligations relating to such award, such shares of common stock will not generally be deemed to have been delivered for purposes of the limits set forth in the plan.

The Stock and Annual Incentive Plan provides that, in the event of a merger, consolidation, acquisition of property or shares, stock rights offering, liquidation, disaffiliation or other similar event, the Compensation Committee or the board of directors may make such substitutions or adjustments as it deems appropriate and equitable to (1) the aggregate number and kind of shares or other securities reserved for issuance and delivery under the plan, (2) the various maximum limitations set forth in the plan, (3) the number and kind of shares or other securities subject to outstanding awards and (4) the exercise price of outstanding options and stock appreciation rights. In the event of stock dividend, stock split, reverse stock split, separation, spin-off, reorganization, extraordinary dividend of cash or other property, share combination, recapitalization or other similar event affecting our capital structure, the Stock and Annual Incentive Plan provides the Compensation Committee or the board of directors shall make such substitutions or adjustments as it deems appropriate and equitable to (1) the aggregate number and kind of shares or other securities reserved for issuance and delivery under the plan, (2) the various maximum limitations set forth in the plan, (3) the number and kind of shares or other securities subject to outstanding awards and (4) the exercise price of outstanding options and stock appreciation rights.

As indicated above, several types of stock grants can be made under the Stock and Annual Incentive Plan. A summary of these types of grants is set forth below. The Stock and Annual Incentive Plan governs options and restricted stock units that converted from IAC options and IAC restricted stock units in connection with the spin-off as well as other award grants made following the spin-off pursuant to the plan. Notwithstanding the foregoing, the terms that govern IAC options and IAC restricted stock units that converted into our options and restricted stock units in connection with the spin-off govern such options and restricted stock units to the extent inconsistent with the terms described below.

*Stock Options and Stock Appreciation Rights.* Stock options granted under the Stock and Annual Incentive Plan may either be incentive stock options ("ISO") or nonqualified stock options. Stock appreciation rights granted under the plan may either be granted alone or in tandem with a stock option. The exercise price of options and stock appreciation rights cannot be less than 100% of the fair market value of the stock underlying the options or stock appreciation rights on the date of grant. Optionees may pay the exercise price in cash or, if approved by the Compensation Committee, in common stock (valued at its fair market value on the date of exercise) or a combination thereof, or by "cashless exercise" through a broker or by withholding shares otherwise receivable on exercise. The term of options and stock appreciation rights is determined by the Compensation Committee, but an ISO may not have a term longer than ten years from the date of grant. The Compensation Committee determines the vesting and exercise schedule of options and stock appreciation rights, and the extent to which they will be exercisable after the award holder's employment terminates. Generally, unvested options and stock appreciation rights terminate upon the termination of employment, and vested options and stock appreciation rights will remain exercisable for one year after the award holder's death, disability or retirement, and 90 days after the award holder's termination for any other reason. Vested options and stock appreciation rights also terminate upon the optionee's termination for cause (as defined in the plan). Stock options and stock appreciation rights are transferable only by will or by the laws of descent and distribution or, in the case of nonqualified stock options or stock appreciation rights, pursuant to a qualified domestic relations order or as otherwise expressly permitted by the

Compensation Committee including, if so permitted, pursuant to a transfer to the participant's family members or to a charitable organization, whether directly or indirectly or by means of a trust or partnership or otherwise.

*Restricted Stock.* Restricted stock may be granted with such restriction periods as the Compensation Committee may designate. The Compensation Committee may provide at the time of grant that the vesting of restricted stock is contingent upon the achievement of applicable performance goals and/or continued service. In the case of performance-based awards that are intended to qualify under Section 162(m)(4) of the Code, such goals will be based on the attainment of one or any combination of the following: specified levels of earnings per share from continuing operations, net profit after tax, EBITDA, EBITA, gross profit, cash generation, unit volume, market share, sales, asset quality, earnings per share, operating income, revenues, return on assets, return on operating assets, return on equity, profits, total shareholder return (measured in terms of stock price appreciation and/or dividend growth), cost saving levels, marketing-spending efficiency, core non-interest income, change in working capital, return on capital and/or stock price, with respect to the Company or any subsidiary, division or department of the Company. Such performance goals also may be based upon the attaining of specified levels of the Company, subsidiary, affiliate or divisional performance under one or more of the measures described above relative to the performance of other entities, divisions or subsidiaries. Performance goals based on the foregoing factors are hereinafter referred to as "Performance Goals." The terms and conditions of restricted stock awards (including any applicable Performance Goals) need not be the same with respect to each participant. During the restriction period, the Compensation Committee may require that the stock certificates evidencing restricted shares be held by us. Restricted stock may not be sold, assigned, transferred, pledged or otherwise encumbered, and is forfeited upon termination of employment, unless otherwise provided by the Compensation Committee. Other than such restrictions on transfer and any other restrictions the Compensation Committee may impose, the participant has all the rights of a stockholder with respect to the restricted stock award, including the right to vote the shares and receive cash dividends unless otherwise provided in such participant's award agreement.

*Restricted Stock Units.* The Compensation Committee may grant restricted stock units payable in cash or shares of common stock, conditioned upon continued service and/or the attainment of Performance Goals determined by the Compensation Committee. The terms and conditions of restricted stock unit awards (including any Performance Goals) need not be the same with respect to each participant. The Compensation Committee will determine whether, to what extent and on what terms and conditions each participant receiving restricted stock units will be entitled to receive current or deferred payments of cash, common stock or other property corresponding to dividends payable on our common stock. Holders of restricted stock units are not entitled to any voting rights with respect to such restricted stock units themselves.

*Other Stock-Based Awards.* Other awards of common stock and other awards that are valued in whole or in part by reference to, or are otherwise based upon, common stock, including (without limitation), unrestricted stock, dividend equivalents and convertible debentures, may be granted under the Stock and Annual Incentive Plan.

*Bonus Awards.* Bonus awards granted to our eligible employees and the eligible employees of our subsidiaries and affiliates under the Stock and Annual Incentive Plan are based upon the attainment of the Performance Goals established by the Compensation Committee for the plan year or such shorter performance period as may be established by the Compensation Committee. Bonus amounts earned by any individual will be limited to \$10 million for any plan year, pro rated (if so determined by the Compensation Committee) for any shorter performance period. Bonus amounts are paid in cash or, in our discretion, in common stock, as soon as practicable following the end of the plan year. The

Compensation Committee may reduce or eliminate a participant's bonus award in any year notwithstanding the achievement of Performance Goals.

### **No Repricing**

In no event may any option or stock appreciation right granted under the Stock and Annual Incentive Plan be amended, other than in event of certain extraordinary corporate transactions or other transactions affecting our capital structure, to decrease the exercise price thereof, be cancelled in conjunction with the grant of any new option or stock appreciation right with a lower exercise price or otherwise be subject to any action that would be treated, for accounting purposes, as a "repricing" of such option or stock appreciation right, unless such amendment, cancellation, or action is approved by our stockholders.

### **Change in Control**

In the event of a Change of Control (as defined in the Stock and Annual Incentive Plan), the Compensation Committee has the discretion to determine the treatment of awards granted under the Stock and Annual Incentive Plan, including providing for the acceleration of such awards upon the occurrence of the Change of Control and/or upon a qualifying termination of employment (e.g., without cause or for good reason) following the Change of Control. However, with respect to outstanding adjusted awards, subject to the terms of the Stock and Annual Incentive Plan and unless otherwise provided in the applicable award agreement, such awards will fully vest or all restrictions on such awards shall terminate upon the Termination of Employment (as defined in the Stock and Annual Incentive Plan) of the holder of such adjusted awards for any reason other than for Cause or Disability or by the holder for Good Reason (all as defined in the Stock and Annual Incentive Plan) during the two-year period following a Change of Control (as defined in the Stock and Annual Incentive Plan).

### **Withholding for Payment of Taxes**

The Stock and Annual Incentive Plan provides for the withholding and payment by a participant of any taxes required by applicable law. Subject to our approval and to the terms of the Stock and Annual Incentive Plan, a participant may settle such a withholding obligation with our common stock, including common stock that is a part of the award giving rise to the withholding obligation. We have the right to deduct any such taxes from any payment otherwise due to a participant.

### **Amendment and Discontinuance**

The Stock and Annual Incentive Plan may be amended, altered or discontinued by the board of directors, but no amendment, alteration or discontinuance may impair the rights of an optionee under an option or a recipient of a stock appreciation right, restricted stock award, restricted stock unit award or bonus award previously granted without the optionee's or recipient's consent. Amendments to the Stock and Annual Incentive Plan require stockholder approval to the extent such approval is required by law or agreement.

### **Federal Income Tax Consequences**

The following discussion is intended only as a brief summary of the federal income tax rules that are generally relevant to the stock awards. The laws governing the tax aspects of these awards are highly technical and such laws are subject to change.

*Nonqualified Options.* Upon the grant of a nonqualified option, the optionee will not recognize any taxable income and the Company will not be entitled to a deduction. Upon the exercise of such an option or related stock appreciation right, the excess of the fair market value of the shares acquired on the exercise of the option or stock appreciation right over the exercise price or the cash paid under a

stock appreciation right (the "spread") will constitute compensation taxable to the optionee as ordinary income. We, in computing our U.S. federal income tax, will generally be entitled to a deduction in an amount equal to the compensation taxable to the optionee.

*ISOs.* An optionee will not recognize taxable income on the grant or exercise of an ISO. However, the spread at exercise will constitute an item includible in alternative minimum taxable income, and, thereby, may subject the optionee to the alternative minimum tax. Such alternative minimum tax may be payable even though the optionee receives no cash upon the exercise of the ISO with which to pay such tax.

Upon the disposition of shares of stock acquired pursuant to the exercise of an ISO, after the later of (i) two years from the date of grant of the ISO or (ii) one year after the transfer of the shares to the optionee (the "ISO Holding Period"), the optionee will recognize long-term capital gain or loss, as the case may be, measured by the difference between the stock's selling price and the exercise price. We are not entitled to any tax deduction by reason of the grant or exercise of an ISO, or by reason of a disposition of stock received upon exercise of an ISO if the ISO Holding Period is satisfied. Different rules apply if the optionee disposes of the shares of stock acquired pursuant to the exercise of an ISO before the expiration of the ISO Holding Period.

*Restricted Stock.* A participant who receives an award of restricted stock does not generally recognize taxable income at the time of the award. Instead, the participant recognizes ordinary income in the first taxable year in which his or her interest in the shares becomes either: (A) freely transferable or (B) no longer subject to substantial risk of forfeiture. The amount of taxable income is equal to the fair market value of the shares less the cash, if any, paid for the shares.

A participant may elect to recognize income at the time of grant of restricted stock in an amount equal to the fair market value of the restricted stock (less any cash paid for the shares) on the date of the award. We receive a compensation expense deduction in an amount equal to the ordinary income recognized by the participant in the taxable year in which restrictions lapse (or in the taxable year of the award if, at that time, the participant had filed a timely election to accelerate recognition of income).

*Other Awards.* In the case of an exercise of a stock appreciation right or an award of restricted stock units, a performance share bonus or other stock awards, the participant would generally recognize ordinary income in an amount equal to any cash received and the fair market value of any shares received on the date of payment or delivery. In that taxable year, we would receive a federal income tax deduction in an amount equal to the ordinary income that the participant has recognized.

*Section 409A.* Section 409A of the Internal Revenue Code provides special tax rules applicable to programs that provide for a deferral of compensation. Failure to comply with those requirements will result in accelerated recognition of income for tax purposes along with an additional 20% penalty tax. While certain awards under the Stock and Annual Incentive Plan could be subject to Section 409A, the Plan has been drafted to comply with the requirements of Section 409A.

*Section 162(m).* Pursuant to Section 162(m) of the Code, we may not deduct compensation of more than \$1 million that is paid to certain "covered employees" (i.e., any individual who, on the last day of the taxable year, is either our principal executive officer or an employee whose total compensation for the tax year is required to be reported to stockholders because he or she is among the three highest compensated officers for the tax year, other than the principal executive officer or principal financial officer). The limitation on deductions does not apply, however, to qualified "performance-based compensation." Certain awards under the Stock and Annual Incentive Plan, including options, stock appreciation rights and annual cash bonus awards, may constitute qualified performance-based compensation and, as such, would be exempt from the \$1 million limitation on deductible compensation.

Under the Stock and Annual Incentive Plan, any performance goals applicable to awards intended to qualify as "performance-based compensation" under Section 162(m) will be based on one or more of the Performance Goals. Any such performance goals must be objective and approved by the Compensation Committee in a manner consistent with Section 162(m). The foregoing criteria may relate to us, one or more of our subsidiaries, or one or more of our divisions or units, or a combination of the foregoing, and may be applied on an absolute basis or be relative to one or more peer group company or indices, all as the Compensation Committee shall determine.

#### **Termination of the Stock and Annual Incentive Plan**

The Stock and Annual Incentive Plan will terminate on August 20, 2018 unless earlier terminated by the Board of directors. Termination cannot, however, materially impair the rights of the holder of an award outstanding at the time of the termination in the absence of the holder's consent.

### **DESCRIPTION OF THE DIRECTOR PLAN**

The Company maintains the Director Plan, and a summary of the principal features of the Director Plan is provided below but is qualified in its entirety by reference to the full text of the Director Plan, which is included as Exhibit 10.17 to this prospectus. Each non-employee director is eligible under the Director Plan to defer payment of all or a portion of the cash fees he or she may receive in connection with service on the Company's board of directors. These fees include fees for service as a director of the Company or as a member of one or more of the committees of the Company's board, and meeting attendance fees. Deferral elections may be made or discontinued in accordance with procedures specified under the terms of the Director Plan. An eligible director's deferral election automatically terminates when the director ceases to be a director.

The fees that an eligible director elects to defer are credited to an account for the director under the Director Plan. Fees credited to a director's account may be allocated, at the eligible director's election, to a "cash fund" or to "share units". Deferred fees allocated to the cash fund are credited with deemed interest at an annual rate equal to the weighted average prime or base lending rate of JPMorgan Chase Bank. Deferred fees allocated to the purchase of share units are converted on the date they are deferred to a number of share units equal to the number of shares of Company common stock that theoretically could have been purchased on that date with the amount of deferred fees, calculated based on the closing price of Company common stock on that date (or, if that date is not a trading day, on the next preceding trading day). On each day on which dividends are paid on Company common stock, an eligible director with share units under the Director Plan is credited with the additional number of share units that theoretically could have been purchased with the amount of dividends payable on a number of shares of Company common stock equal to the number of share units credited to the eligible director's account under the Director Plan.

Amounts credited to a participating director's account are payable when the director ceases to be a member of the board. Payment is made in either a lump sum or in a series of up to five (5) annual installments, as elected by the director at the time he or she submitted a deferral election. Amounts in the director's account that are credited to the cash fund are paid in cash. The share units credited to a director's account are paid in shares of Company common stock equal in number to the director's whole number of share units.

A total of 100,000 shares of Company common stock have been reserved for issuance under the Director Plan. The Director Plan may be amended, modified or terminated by the Board at any time, except that no such amendment, modification or termination may adversely affect the rights of any participating director without that director's consent. The Director Plan is not subject to the requirements of the Employee Retirement Income Security Act of 1974.

## DESCRIPTION OF CAPITAL STOCK

### General

The following is a summary of information concerning our capital stock. The summaries and descriptions below do not purport to be complete statements of the relevant provisions of our Amended and Restated Certificate of Incorporation or our Amended and Restated By-laws. The summary is qualified by reference to these documents, which you must read for complete information on our capital stock. Our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws are included as exhibits to this Post-Effective Amendment No. 3 to the Registration Statement on Form S-1, of which this prospectus is a part.

### Common Stock

Our authorized capital stock consists of 50,000,000 shares of common stock, par value \$0.01 per share, and the preferred stock described below.

*Shares Outstanding.* As of May 14, 2010, there were 11,216,868 shares of our common stock outstanding.

*Dividends.* Subject to prior dividend rights of the holders of any preferred shares, holders of shares of our common stock are entitled to receive dividends when, as and if declared by our board of directors out of funds legally available for that purpose.

*Voting Rights.* Each share of common stock is entitled to one vote on all matters submitted to a vote of stockholders. Holders of shares of common stock do not have cumulative voting rights. In other words, a holder of a single share of our common stock cannot cast more than one vote for each position to be filled on our board of directors.

*Other Rights.* In the event of our liquidation, dissolution or winding up, after the satisfaction in full of the liquidation preferences of holders of any preferred shares, holders of shares of our common stock are entitled to ratable distribution of the remaining assets available for distribution to stockholders. Shares of common stock are not subject to redemption by operation of a sinking fund or otherwise. Holders of shares of common stock are not currently entitled to preemptive rights.

*Fully Paid.* The issued and outstanding shares of our common stock are fully paid and non-assessable. This means the full purchase price for the outstanding shares of common stock has been paid and the holders of such shares will not be assessed any additional amounts for such shares. Any additional shares of common stock that we may issue in the future will also be fully paid and non-assessable.

### Preferred Stock

We are authorized to issue up to 5,000,000 shares of preferred stock, par value \$0.01 per share. Our board of directors, without further action by the holders of our common stock, may issue shares of preferred stock. The board of directors is vested with the authority to fix by resolution the designations, preferences and relative, participating, optional or other special rights, and such qualifications, limitations or restrictions thereof, including, without limitation, redemption rights, dividend rights, liquidation preferences and conversion or exchange rights of any class or series of preferred stock, and to fix the number of classes or series of preferred stock, the number of shares constituting any such class or series and the voting powers for each class or series.

The authority possessed by our board of directors to issue preferred stock could potentially be used to discourage attempts by third parties to obtain control of the Company through a merger, tender offer, proxy contest or otherwise by making such attempts more difficult or more costly. Our

board of directors may issue preferred stock with voting rights or conversion rights that, if exercised, could adversely affect the voting power of the holders of our common stock. There are no current agreements or understandings with respect to the issuance of preferred stock and the board of directors does not have a present intention to issue any shares of preferred stock.

### **Restrictions on Payment of Dividends**

We are incorporated in Delaware and governed by Delaware law. Delaware law allows a corporation to pay dividends only out of surplus, as determined under Delaware law.

### **Section 203 of the Delaware General Corporation Law**

Section 203 ("Section 203") of the Delaware General Corporation Law prohibits certain transactions between a Delaware corporation and an "interested stockholder." Generally, an "interested stockholder" for this purpose is a stockholder who is directly or indirectly a beneficial owner of 15% or more of the outstanding voting power of a Delaware corporation. This provision, if applicable, prohibits certain business combinations between an interested stockholder and a corporation for a period of three years after the date on which the stockholder became an interested stockholder, unless: (1) the transaction which resulted in the stockholder becoming an interested stockholder is approved by the corporation's board of directors before the stockholder became an interested stockholder, (2) the interested stockholder acquired at least 85% of the voting power (as calculated pursuant to Section 203) of the corporation in the transaction in which the stockholder became an interested stockholder, or (3) the business combination is approved by a majority of the board of directors and the affirmative vote of the holders of two-thirds of the outstanding voting power not owned by the interested stockholder at or subsequent to the time that the stockholder became an interested stockholder. These restrictions do not apply in certain circumstances, including if the corporation's certificate of incorporation contains a provision expressly electing not to be governed by Section 203. If such a provision is adopted by an amendment to the corporation's certificate of incorporation, the amendment will be effective immediately if, among other requirements, the corporation has never had a class of voting stock listed on a national securities exchange or held of record by more than 2,000 stockholders. If this and other requirements are not satisfied, the amendment will not be effective until 12 months after its adoption and will not apply to any business combination between the corporation and any person who became an interested stockholder on or prior to such adoption.

In accordance with Section 203, the restrictions on certain business combinations in Section 203 do not apply in respect of the Company.

### **Anti-takeover Effects of our Certificate of Incorporation and By-laws and Delaware Law**

Some provisions of our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws and certain provisions of Delaware law could make the following more difficult:

- acquisition of the Company by means of a tender offer;
- acquisition of the Company by means of a proxy contest or otherwise; or
- removal of our incumbent officers and directors.

### ***Size of Board and Vacancies***

Our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws provide that the number of directors on the Company's board of directors will be fixed exclusively by the board of directors. Newly created directorships resulting from any increase in the authorized number of directors will be filled by a majority of the directors then in office, provided that a majority

of the entire board of directors, or a quorum, is present and any vacancies in the board of directors resulting from death, resignation, retirement, disqualification, removal from office or other cause will be filled generally by the majority vote of the remaining directors in office, even if less than a quorum is present.

***Elimination of Stockholder Action by Written Consent***

Our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws expressly eliminate the right of stockholders to act by written consent. Stockholder action must take place at the annual or a special meeting of our stockholders.

***Stockholder Meetings***

Under our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws, stockholders are not entitled to call special meetings of stockholders. Only a majority of our board of directors or specified individuals may call such meetings.

***Requirements for Advance Notification of Stockholder Nominations and Proposals***

Our Amended and Restated By-laws establish advance notice procedures with respect to stockholder proposals and nomination of candidates for election as directors other than nominations made by or at the direction of the board of directors or a committee of the board of directors. In particular, stockholders must notify the corporate secretary in writing prior to the meeting at which the matters are to be acted upon or directors are to be elected. The notice must contain the information specified in our Amended and Restated By-laws. To be timely, the notice must be received at our principal executive office not later than 60 or more than 90 days prior to the first anniversary of the date for the preceding year's annual meeting of stockholders. However, if the date of the annual meeting is advanced more than 30 days prior to or delayed by more than 30 days after the anniversary of the preceding year's annual meeting, notice by the stockholder, to be timely, must be delivered no later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. Moreover, in the event that the number of directors to be elected to the board of directors is increased and we make no public announcement naming all of the nominees for director or specifying the size of the increased board of directors at least 55 days prior to the first anniversary of the date on which we first mailed our proxy materials for the preceding year's annual meeting of stockholders, the stockholder's notice will be considered timely, but only with respect to nominees for any new positions created by such increase, if it is delivered to the corporate secretary at our principal executive offices not later than the close of business on the 10th day following the day on which we first made such public announcement.

***Undesignated Preferred Stock***

The authorization in our Amended and Restated Certificate of Incorporation with respect to the issuance of undesignated preferred stock makes it possible for our board of directors to issue preferred stock with voting or other rights or preferences that could impede the success of any attempt to change control of the Company. The provision in our Amended and Restated Certificate of Incorporation authorizing such preferred stock may have the effect of deferring hostile takeovers or delaying changes of control of our management.
