Prospectus Supplement No. 3
to Prospectus dated May 14, 2010

TREE.COM, INC.

3,678,664 Shares of Common Stock, Par Value \$0.01 Per Share

This prospectus supplement no. 3 supplements and amends information in the prospectus dated May 14, 2010, as supplemented and amended by prospectus supplement no. 1 dated August 10, 2010 and prospectus supplement no. 2 dated September 8, 2010 (together, the "Prospectus"). You should read this prospectus supplement in conjunction with the Prospectus, and this supplement is qualified by reference to the Prospectus, except to the extent that the information herein supersedes the information contained in the Prospectus.

This prospectus supplement includes our Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2010 as filed with the Securities and Exchange Commission on November 12, 2010 and our Current Reports on Form 8-K as filed with the Securities and Exchange Commission on November 16, 2010 and November 23, 2010.

As indicated under "Risk Factors" on page 2 of the Prospectus, in reviewing this prospectus supplement and the Prospectus, you should carefully consider the risks in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2009, as amended by Amendment No. 1 to our Annual Report on Form 10-K/A, and as set forth beginning on page 51 of our Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2010 and on page 55 of our Quarterly Report for the quarterly period ended September 30, 2010.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus supplement is truthful or complete. Any representation to the contrary is a criminal offense.

This supplement is part of the Prospectus and must accompany the Prospectus to satisfy prospectus delivery requirements under the Securities Act of 1933, as amended.

This date of this prospectus supplement is November 23, 2010.

TREE.COM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1—ORGANIZATION

Spin-Off

On August 20, 2008, Tree.com, Inc. ("Tree.com" or the "Company") was spun off from its parent company, IAC/InterActiveCorp ("IAC") into a separate publicly traded company. In these consolidated financial statements, we refer to the separation transaction as the "spin-off." In connection with the spin-off, Tree.com was incorporated as a Delaware corporation in April 2008.

Company Overview

Tree.com is the parent of LendingTree, LLC and the owner of several brands and businesses that provide information, tools, advice, products and services for critical transactions in our customers' lives. Our family of brands includes: LendingTree.com®, GetSmart.com®, RealEstate.com®, DegreeTree.comSM, HealthTree.comSM, LendingTreeAutos.com, DoneRight.com®, and InsuranceTree.comSM. Together, these brands serve as an ally for consumers who are looking to comparison shop for loans, real estate and other services from multiple businesses and professionals who will compete for their business.

These businesses and brands are operated under the segments known as LendingTree Loans, the Exchanges and Real Estate.

LendingTree Loans

The LendingTree Loans segment originates, processes, approves and funds various residential real estate loans through Home Loan Center, Inc. dba LendingTree Loans ("HLC"). The HLC and LendingTree Loans brand names are collectively referred to in these consolidated financial statements as "LendingTree Loans."

Exchanges

The Exchanges segment consists of online lead generation networks and call centers (principally LendingTree.com, Tree.com, DegreeTree.com, LendingTreeAutos and GetSmart.com) that connect consumers and service providers principally in the lending, higher education and automobile marketplaces.

Real Estate

The Real Estate segment consists of a proprietary full service real estate brokerage (RealEstate.com, REALTORS®) that operates in 20 U.S. markets, as well as an online lead generation network accessed at www.RealEstate.com, that connects consumers with third party real estate brokerages around the country.

The Corporate segment consists of unallocated expenses and consolidation transactions.

Tree.com maintains operations solely in the United States.

Business Combinations

In September 2010, Tree.com purchased certain assets of a company with an aggregate purchase price of \$0.8 million in cash and contingent consideration. The purchase is part of our strategic initiative to diversify our revenue streams outside of the mortgage and real estate industries.

TREE.COM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 1—ORGANIZATION (Continued)

This asset purchase is being accounted for under the acquisition method of accounting. Accordingly, the purchase price is allocated to the acquired assets and liabilities based on their estimated fair values at the acquisition date. The purchase price has been allocated resulting in \$0.8 million to be accounted for as goodwill. The pro forma effect of this purchase was not material to our results of operations.

Basis of Presentation

The accompanying unaudited interim consolidated financial statements as of September 30, 2010 and 2009 and for the three and nine months then ended have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and the rules and regulations of the U.S. Securities and Exchange Commission ("SEC"). Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for annual financial statements. In the opinion of the Company's management, the unaudited interim consolidated financial statements have been prepared on the same basis as the audited financial statements, and include all adjustments, consisting only of normal recurring adjustments, necessary for the fair presentation of the Company's financial position for the periods presented. The results for the three and nine months ended September 30, 2010 are not necessarily indicative of the results to be expected for the year ending December 31, 2010, or any other period. These financial statements and notes should be read in conjunction with the audited financial statements and notes thereto included in the Company's annual report on Form 10-K for the year ended December 31, 2009, as amended by Amendment No. 1 to the Company's annual report on Form 10-K/A.

NOTE 2—SIGNIFICANT ACCOUNTING POLICIES

Accounting Estimates

Tree.com's management is required to make certain estimates and assumptions during the preparation of the consolidated financial statements in accordance with U.S. generally accepted accounting principles ("GAAP"). These estimates and assumptions impact the reported amount of assets and liabilities and disclosures of contingent assets and liabilities as of the date of the consolidated financial statements. They also impact the reported amount of net earnings during any period. Actual results could differ from those estimates.

Significant estimates underlying the accompanying consolidated financial statements include: valuation allowance for impaired loans held for sale; loan loss obligations; the fair value of loans held for sale and related derivatives; the recoverability of long-lived assets, goodwill and intangible assets; the determination of income taxes payable and deferred income taxes, including related valuation allowances; restructuring reserves; contingent consideration related to business combinations; various other allowances, reserves and accruals; and assumptions related to the determination of stock-based compensation.

Reclassifications

Certain prior period amounts have been reclassified to conform with the current presentation with no effect on net income/(loss) or accumulated deficit. Specifically, compensation and other-employee related costs within the Exchanges segment totaling \$0.2 million for the nine months ended

TREE.COM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 2—SIGNIFICANT ACCOUNTING POLICIES (Continued)

September 30, 2010, and \$0.4 million and \$1.3 million for the three and nine months ending September 30, 2009, respectively, were reclassified from the Exchanges segment to the LendingTree Loans segment, both within cost of revenue. There was no impact on the consolidated financial results.

Restricted Cash and Cash Equivalents

Restricted cash and cash equivalents consists of the following (in thousands):

	<u>September 30, 2010</u>	<u>December 31, 2009</u>
Cash in escrow for future operating lease commitments	\$ —	\$ 788
Cash in escrow for surety bonds	5,030	5,030
Cash in escrow for corporate purchasing card program	800	2,203
Minimum required balances for warehouse lines of credit	1,725	1,875
Mortgage lending escrow funds	2,922	1,292
Other	627	831
Total restricted cash and cash equivalents	\$ 11,104	\$ 12,019

Recent Accounting Pronouncements

On June 12, 2009, the Financial Accounting Standards Board ("FASB") issued the accounting standard for transfers and servicing of financial assets. The objective is to improve relevance, representational faithfulness, and comparability of the information that a reporting entity provides in its financial statements about a transfer of financial assets; the effects of a transfer on its financial position, financial performance, and cash flows; and a transferor's continuing involvement, if any, in transferred financial assets. This standard is effective for annual reporting periods beginning after November 15, 2009. Tree.com adopted this standard on January 1, 2010 and determined there was no material impact to the financial statements.

On January 21, 2010, the FASB amended and Tree.com adopted the accounting standard for fair value measurements and disclosures, which added new requirements for disclosures about transfers into and out of Level 1 and 2 and separate disclosures about purchases, sales, issuances and settlements relating to Level 3 measurements. The amendment also clarifies existing fair value disclosures about the level of disaggregation and the inputs and valuation techniques used to measure fair value. This amendment is effective for the first reporting period (including interim periods) beginning after December 15, 2009, except for the requirement to provide the Level 3 activity of purchases, sales, issuances and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years. Early adoption is permitted. See Note 9 for further information.

TREE.COM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 3—GOODWILL AND INTANGIBLE ASSETS

The balance of goodwill and intangible assets, net is as follows (in thousands):

	September 30, 2010	December 31, 2009
Goodwill	\$ 12,917	\$ 12,152
Intangible assets with indefinite lives	52,733	52,733
Intangible assets with definite lives, net	2,488	4,893
Total goodwill and intangible assets, net	<u>\$ 68,138</u>	<u>\$ 69,778</u>

Intangible assets with indefinite lives relate principally to trade names and trademarks acquired in various acquisitions.

At September 30, 2010, intangible assets with definite lives relate to the following (in thousands):

	Cost	Accumulated Amortization	Net	Weighted Average Amortization Life (Years)
Purchase agreements	\$ 76,352	\$ (76,175)	\$ 177	5.7
Technology	30,491	(29,728)	763	3.0
Customer lists	7,388	(6,677)	711	3.9
Other	9,813	(8,976)	837	4.1
Total	<u>\$ 124,044</u>	<u>\$ (121,556)</u>	<u>\$ 2,488</u>	

At December 31, 2009, intangible assets with definite lives relate to the following (in thousands):

	Cost	Accumulated Amortization	Net	Weighted Average Amortization Life (Years)
Purchase agreements	\$ 76,352	\$ (74,657)	\$ 1,695	5.7
Technology	30,491	(29,396)	1,095	3.0
Customer lists	7,388	(6,631)	757	3.9
Other	9,813	(8,467)	1,346	4.1
Total	<u>\$ 124,044</u>	<u>\$ (119,151)</u>	<u>\$ 4,893</u>	

Amortization of intangible assets with definite lives is computed on a straight-line basis and, based on September 30, 2010 balances, such amortization for the next five years is estimated to be as follows (in thousands):

	Amount
Three months ending December 31, 2010	\$ 307
Year ending December 31, 2011	1,086
Year ending December 31, 2012	411
Year ending December 31, 2013	144
Year ending December 31, 2014	84
Thereafter	456
Total	<u>\$ 2,488</u>

TREE.COM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 3—GOODWILL AND INTANGIBLE ASSETS (Continued)

The following table presents the balance of goodwill by segment (in thousands):

	LendingTree Loans	Exchanges	Real Estate	Total
Balance as of December 31, 2009				
Goodwill	\$ 46,526	\$ 485,955	\$ 70,091	\$ 602,572

	\$ —	\$ 3,632	\$ 9,285	\$ 12,917

NOTE 4—PROPERTY AND EQUIPMENT

The balance of property and equipment, net is as follows (in thousands):

	September 30, 2010	December 31, 2009
Computer equipment and capitalized software	\$ 39,367	\$ 35,881
Leasehold improvements	2,503	2,888
Furniture and other equipment	3,834	4,096
Projects in progress	2,629	1,532
	48,333	44,397
Less: accumulated depreciation and amortization	(35,790)	(32,140)
Total property and equipment, net	\$ 12,543	\$ 12,257

TREE.COM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 5—ACCRUED EXPENSES AND OTHER CURRENT LIABILITIES

Accrued expenses and other current liabilities consist of the following (in thousands):

	<u>September 30, 2010</u>	<u>December 31, 2009</u>
Accrued loan loss liability related to loans previously sold	\$ 6,609	\$ 6,115
Loan loss settlement liability related to loans previously sold	1,350	4,500
Litigation accruals	1,500	12,750
Accrued advertising expense	8,027	8,095
Accrued compensation and benefits	6,701	7,525
Accrued professional fees	1,026	1,528
Accrued restructuring costs	910	1,848
Derivative liabilities	832	356
Customer deposits and escrows	4,088	3,387
Deferred rent	486	793
Other	8,277	7,797
Total accrued expenses and other current liabilities	<u>\$ 39,806</u>	<u>\$ 54,694</u>

The other category above reflects an earnout payable related to an acquisition, franchise taxes, self-insured health claims and other miscellaneous accrued expenses.

An additional \$8.3 million and \$6.4 million of accrued loan loss liability related to loans previously sold are classified in other long term liabilities at September 30, 2010 and December 31, 2009, respectively.

NOTE 6—WAREHOUSE LINES OF CREDIT

Borrowings on warehouse lines of credit were \$140.1 million and \$78.5 million at September 30, 2010 and December 31, 2009, respectively.

As of September 30, 2010, LendingTree Loans had two committed lines of credit totaling \$125.0 million of borrowing capacity. The total borrowing capacity under these lines was increased to \$150.0 million effective October 29, 2010 upon renewal of the second line. LendingTree Loans also has a \$25.0 million uncommitted line with one of these lenders. Borrowings under these lines of credit are used to fund, and are secured by, consumer residential loans that are held for sale. Loans under these lines of credit are repaid using proceeds from the sales of loans held for sale by LendingTree Loans.

The \$50.0 million first line is scheduled to expire June 29, 2011. This line can be cancelled at the option of the lender without default upon sixty days notice. This first line includes an additional uncommitted credit facility of \$25.0 million. This first line is also guaranteed by Tree.com, Inc., LendingTree, LLC and LendingTree Holdings Corp. The interest rate under the first line is 2.25% plus the greater of (a) 30-day LIBOR or (b) 2.00%. The interest rate under the \$25.0 million uncommitted line is 30-day LIBOR plus 1.50%. LendingTree Loans is also required to sell at least 25% of the loans it originates to the lender under this line or pay a "pair-off fee" of 0.25% on the difference between the required and actual volume of loans sold.

TREE.COM, INC. AND SUBSIDIARIES**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****NOTE 6—WAREHOUSE LINES OF CREDIT (Continued)**

The borrowing capacity of the second line was increased from \$75.0 million to \$100.0 million upon renewal of the line effective October 29, 2010. The expiration date of this line is October 28, 2011. This second line is also guaranteed by Tree.com, Inc., LendingTree, LLC and LendingTree Holdings Corp. The interest rate under this line was decreased from 30-day Adjusted LIBOR or 2.0% (whichever is greater) plus 2.50% to 3.0% prior to renewal, to 30-day Adjusted LIBOR or 2.0% (whichever is greater) plus 2.25% to 2.5% after renewal, for loans being sold to the lender. Additionally, the interest rate for loans not being sold to the lender was decreased from 30-day Adjusted LIBOR or 2.0% (whichever is greater) plus 2.75% prior to renewal, to 30-day Adjusted LIBOR or 2.0% (whichever is greater) plus 2.25% after renewal.

Under the terms of these warehouse lines, LendingTree Loans is required to maintain various financial and other covenants. These financial covenants include, but are not limited to, maintaining (i) minimum tangible net worth of \$25.0 million, (ii) minimum liquidity, (iii) a minimum current ratio, (iv) a maximum ratio of total liabilities to net worth, (v) a maximum leverage ratio, (vi) pre-tax net income requirements and (vii) a maximum warehouse capacity ratio. During the quarter ended September 30, 2010, LendingTree Loans was in compliance with the covenants under the lines.

The LendingTree Loans business is highly dependent on the availability of these warehouse lines. Although we believe that our existing lines of credit are adequate for our current operations, reductions in our available credit, or the inability to renew or replace these lines, would have a material adverse effect on our business, financial condition and results of operations. Management has determined that it could continue to operate the LendingTree Loans business at a reduced capacity if one, but not both, of the warehouse lines were lost.

NOTE 7—SEGMENT INFORMATION

The overall concept that Tree.com employs in determining its reportable segments and related financial information is to present them in a manner consistent with how the chief operating decision maker and executive management view the Tree.com businesses, how the businesses are organized as to segment management, and the focus of the Tree.com businesses with regards to the types of products or services offered or the target market.

The expenses presented below for each of the business segments include an allocation of certain corporate expenses that are identifiable and directly benefit those segments. The unallocated expenses are those corporate overhead expenses that are not directly attributable to a segment and include: corporate expenses such as finance, legal, executive, technology support, and human resources, as well as elimination of inter-segment revenue and costs.

Tree.com's primary performance metrics are EBITDA and Adjusted EBITDA. EBITDA is defined as earnings before interest, taxes, depreciation and amortization. Adjusted EBITDA is defined as EBITDA excluding (1) non-cash compensation expense, (2) non-cash intangible asset impairment charges, (3) gain/loss on disposal of assets, (4) restructuring expenses, (5) litigation loss contingencies and settlements, (6) pro forma adjustments for significant acquisitions, and (7) one-time items, which are truly one-time in nature and non-recurring, infrequent or unusual, and have not occurred in the past two years or are not expected to recur in the next two years, in accordance with SEC rules. For the periods presented in this report, there are no one-time items. These measures are two of the primary metrics by which Tree.com evaluates the performance of its businesses, on which its internal budgets are based and by which management is compensated. Tree.com believes that investors should

TREE.COM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 7—SEGMENT INFORMATION (Continued)

have access to the same set of tools that it uses in analyzing its results. EBITDA and Adjusted EBITDA have certain limitations in that they do not take into account the impact to Tree.com's statement of operations of certain expenses, including depreciation, non-cash compensation and acquisition related accounting. Tree.com endeavors to compensate for the limitations of the non-GAAP measure presented by also providing the comparable GAAP measure with equal or greater prominence and descriptions of the reconciling items, including quantifying such items, to derive the non-GAAP measure.

During the third quarter of 2010, the Company changed its accounting policy for inter-segment revenue and inter-segment marketing expense between the LendingTree Loans and Exchanges segments. This change only impacts the segment results, and does not impact the consolidated financial results of Tree.com.

Marketing expense for the Exchanges is primarily the building and maintaining of the Company's core brands, using both online and offline spending, and generates leads not only for the Exchanges but for other segments as well. Previously, marketing expense for LendingTree Loans was primarily comprised of inter-segment purchases of leads from the Exchanges, leveraging the LendingTree and GetSmart brands. The Exchanges received inter-segment revenue for the sale of these leads, and that revenue and the related marketing expense at LendingTree Loans would then be eliminated in consolidation of the total Company results.

The Company now uses a cost sharing approach for these marketing expenses, whereby LendingTree Loans and the Exchanges now share the marketing expense on a pro rata basis, based on the quantity of leads received by each segment. There is no longer inter-segment revenue or inter-segment marketing expense related to these leads. Management believes that this cost sharing approach is preferable because it more closely aligns the overall goals of the Company with the goals of segment management, and will ultimately drive the Company to better performance. Segment reporting results for prior periods have been restated to conform to the new presentation.

TREE.COM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 8—EARNINGS PER SHARE AND STOCK-BASED COMPENSATION (Continued)

The forms of stock-based awards granted to Tree.com employees are principally restricted stock units ("RSUs"), restricted stock and stock options. RSUs are awards in the form of units, denominated in a hypothetical equivalent number of shares of Tree.com common stock and with the value of each award equal to the fair value of Tree.com common stock at the date of grant. RSUs may be settled in cash, stock or both, as determined by the Compensation Committee at the time of grant. Each stock-based award is subject to service-based vesting, where a specific period of continued employment must pass before an award vests. Certain restricted stock awards also include performance-based vesting, where certain performance targets set at the time of grant must be achieved before an award vests. Tree.com recognizes expense for all stock-based awards for which vesting is considered probable. For stock-based awards, the accounting charge is measured at the grant date as the fair value of Tree.com common stock and expensed ratably as non-cash compensation over the vesting term. For performance-based awards, the expense is measured at the grant date as the fair value of Tree.com common stock and expensed as non-cash compensation over the vesting period if the performance targets are considered probable of being achieved.

The amount of stock-based compensation expense recognized in the consolidated statement of operations is reduced by estimated forfeitures, as the amount recorded is based on awards ultimately expected to vest. The forfeiture rate is estimated at the grant date based on historical experience and revised, if necessary, in subsequent periods if the actual forfeiture rate differs from the estimated rate.

A summary of changes in outstanding stock options for the nine months ended September 30, 2010 is as follows:

	Shares	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term (In years)	Aggregate Intrinsic Value (In thousands)
Outstanding at January 1, 2010	1,177,319	\$ 9.34

NOTE 9—FAIR VALUE MEASUREMENTS

Tree.com categorizes its assets and liabilities measured at fair value into a fair value hierarchy that prioritizes the assumptions used in pricing the asset or liability into the following three levels:

- Level 1: Observable inputs such as quoted prices for identical assets and liabilities in active markets obtained from independent sources.
- Level 2: Other inputs that are observable directly or indirectly, such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active and inputs that are derived principally from or corroborated by observable market data.
- Level 3: Unobservable inputs for which there is little or no market data and require Tree.com to develop its own assumptions, based on the best information available in the circumstances, about the assumptions market participants would use in pricing the asset or liability.

TREE.COM, INC. AND SUBSIDIARIES**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****NOTE 9—FAIR VALUE MEASUREMENTS (Continued)**

LendingTree Loans enters into commitments with consumers to originate loans at a specified interest rate (interest rate lock commitments—"IRLCs"). Tree.com reports IRLCs as derivative instruments at fair value with changes in fair value being recorded in current earnings as a component of revenue from the origination and sale of loans. IRLCs for loans to be sold to investors using a mandatory or assignment of trade ("AOT") method are hedged using "to be announced mortgage-backed securities" ("TBA MBS") and are valued using quantitative risk models. The IRLCs derive their base value from an underlying loan type with similar characteristics using the TBA MBS market which is actively quoted and easily validated through external sources. The most significant data inputs used in this valuation include, but are not limited to, loan type, underlying loan amount, note rate, loan program, and expected sale date of the loan. IRLCs for loans sold to investors on a best efforts basis are hedged using best efforts forward delivery commitments and are valued on an individual loan basis using a proprietary database program. These valuations are based on investor pricing tables stratified by product, note rate and term. The valuation is adjusted at the loan level to consider the servicing release premium and loan pricing adjustments specific to each loan. The Company applies an anticipated loan funding probability based on its own experience to value IRLCs, which results in the classification of these derivatives as Level 3. At September 30, 2010 and December 31, 2009, there were \$370.3 million and \$258.4 million, respectively, of IRLCs notional value outstanding.

Loans held for sale measured at fair value and sold to investors using a mandatory or AOT method are also hedged using TBA MBS and valued using quantitative risk models. The valuation is based on the loan amount, note rate, loan program, and expected sale date of the loan. Loans held for sale measured at fair value and sold to investors on a best efforts basis are hedged using best efforts forward delivery commitments and are valued using a proprietary database program. The best efforts valuations are based on daily investor pricing tables stratified by product, note rate and term. These valuations are adjusted at the loan level to consider the servicing release premium and loan pricing adjustments specific to each loan. Loans held for sale, excluding impaired loans, are classified as Level 2. Loans held for sale measured at fair value that become impaired are transferred from Level 2 to Level 3, as the estimate of fair value is based on the Company's experience considering lien position and current status of the loan. LendingTree Loans recognizes interest income separately from other changes in fair value.

Under LendingTree Loans' risk management policy, LendingTree Loans economically hedges the changes in fair value of IRLCs and loans held for sale caused by changes in interest rates by using TBA MBS and entering into best efforts forward delivery commitments. These hedging instruments are recorded at fair value with changes in fair value recorded in current earnings as a component of revenue from the origination and sale of loans. TBA MBS used to hedge both IRLCs and loans are valued using quantitative risk models based primarily on inputs related to characteristics of the MBS stratified by product, coupon, and settlement date. These derivatives are classified as Level 2. Best efforts forward delivery commitments are valued using a proprietary database program using investor pricing tables considering the current base loan price. An anticipated loan funding probability is applied to value best efforts commitments hedging IRLCs, which results in the classification of these contracts as Level 3. The best efforts forward delivery commitments hedging loans held for sale are classified as Level 2, so such contracts are transferred from Level 3 to Level 2 at the time the underlying loan is originated. For the purposes of the tables below, we refer to TBA MBS and best efforts forward delivery commitments collectively as "Forward Delivery Contracts".

Forward Delivery Contracts	LendingTree Loans revenue	3,252	(2,270)	(3,905)	149
Total		\$ 36,935	\$ 18,957	\$ 79,847	\$ 74,327

Tree.com has elected to account for loans held for sale originated on or after January 1, 2008 at fair value. Electing the fair value option allows a better offset of the changes in fair values of the loans and the forward delivery contracts used to economically hedge them without the burden of complying with the requirements for hedge accounting.

Tree.com did not elect the fair value option on loans held for sale originated prior to January 1, 2008 and on loans that were repurchased from investors on or subsequent to that date. As of September 30, 2010 and December 31, 2009, 26 and 29 such loans, respectively, all of which were impaired, were included in loans held for sale and were carried at the lower of cost or market ("LOCOM") value assessed on an individual loan basis. The market value (or fair value) of these impaired loans at September 30, 2010 and December 31, 2009, measured on a non-recurring basis using significant unobservable inputs (Level 3), was \$1.1 million and \$1.4 million, respectively. This fair value measurement is management's best estimate of the market value of such loans and considers the lien position and loan status.

The following presents the difference between the aggregate principal balance of loans held for sale for which the fair value option has been elected and for loans measured at LOCOM as of September 30, 2010 and December 31, 2009 (in thousands):

	As of September 30, 2010		
	Loans Held for Sale— Measured at Fair Value	Loans Held for Sale— Measured at LOCOM	Total Loans Held For Sale
Aggregate unpaid principal balance	\$ 157,796	\$ 2,933	\$ 160,729
Difference between fair value and aggregate unpaid principal balance	5,523	—	5,523
Lower of cost or market valuation allowance	—	(1,783)	(1,783)
Deferred loan fees, net of costs	—	(9)	(9)
Loans held for sale	\$ 163,319	\$ 1,141	\$ 164,460

TREE.COM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 9—FAIR VALUE MEASUREMENTS (Continued)

	As of December 31, 2009		
	Loans Held for Sale— Measured at Fair Value	Loans Held for Sale— Measured at LOCOM	Total Loans Held For Sale
Aggregate unpaid principal balance	\$ 91,824	\$ 3,217	\$ 95,041
Difference between fair value and aggregate unpaid principal balance	412	—	412
Lower of cost or market valuation allowance	—	(1,848)	(1,848)
Deferred loan fees, net of costs	—	(9)	(9)
Loans held for sale	\$ 92,236	\$ 1,360	\$ 93,596

During the three months ended September 30, 2010 and 2009, the change in fair value of loans held for sale for which the fair value option was elected were gains of \$0.8 million and \$1.6 million, respectively, and is included as a component of LendingTree Loans revenue in the accompanying consolidated statements of operations.

During the nine months ended September 30, 2010 and 2009, the change in fair value of loans held for sale for which the fair value option was elected was a gain of \$5.5 million and a loss of \$0.4 million, respectively, and is included as a component of LendingTree Loans revenue in the accompanying consolidated statements of operations.

NOTE 10—ORIGINATION AND SALE OF LOANS, LOANS HELD FOR SALE AND LOAN LOSS OBLIGATIONS

Origination and Sale of Loans

LendingTree Loans' revenues are primarily derived from the origination and sale of loans. Mortgage loans are funded through warehouse lines of credit and are recorded at fair value. Changes in the fair value of mortgage loans are recorded through revenue prior to the sale of the loans to investors, which typically occurs within thirty days. The gain or loss on the sale of loans is recognized on the date the loans are sold and is based on the difference between the sale proceeds received and the fair value of the loans. The Company sells its loans on a servicing released basis in which the Company gives up the right to service the loans.

A summary of the initial unpaid principal balance of loans sold by type of loan for the three and nine months ended September 30, 2010 and 2009 is presented below (\$ amounts in millions):

	Three Months Ended September 30,				Nine Months Ended September 30,

NOTE 10—ORIGINATION AND SALE OF LOANS, LOANS HELD FOR SALE AND LOAN LOSS OBLIGATIONS (Continued)

Loans Held for Sale

LendingTree Loans originates all of its residential real estate loans with the intent to sell them in the secondary market. Loans held for sale consist primarily of residential first mortgage loans that are secured by residential real estate throughout the United States.

The following table represents the loans held for sale by type of loan as of September 30, 2010 and December 31, 2009 (in thousands):

	September 30, 2010		December 31, 2009	
	Amount	%	Amount	%

TREE.COM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 10—ORIGINATION AND SALE OF LOANS, LOANS HELD FOR SALE AND LOAN LOSS OBLIGATIONS (Continued)

Included within the loans on nonaccrual status are repurchased loans with a net book value of \$0.5 million and \$0.7 million at September 30, 2010 and December 31, 2009, respectively. During the three months ended September 30, 2010, LendingTree did not repurchase any loans. During the nine months ended September 30, 2010, LendingTree repurchased one loan with a balance of \$0.3 million. During the three and nine months ended September 30, 2009, LendingTree Loans repurchased one loan with a balance of \$0.1 million.

Real estate properties acquired in satisfaction of loans totaled \$0.1 million and \$0.9 million, net of estimated selling expenses, at September 30, 2010 and December 31, 2009, respectively. This amount is included in prepaid and other current assets in the accompanying consolidated balance sheet.

Loan Loss Obligations

LendingTree Loans sells loans it originates to investors on a servicing released basis so the risk of loss or default by the borrower is generally transferred to the investor. However, LendingTree Loans is required by these investors to make certain representations relating to credit information, loan documentation and collateral. These representations and warranties may extend through the contractual life of the mortgage loan. Subsequent to the sale, if underwriting deficiencies, borrower fraud or documentation defects are discovered in individual mortgage loans, LendingTree Loans may be obligated to repurchase the respective mortgage loan or indemnify the investors for any losses from borrower defaults if such deficiency or defect cannot be cured within the specified period following discovery.

In the case of early loan payoffs, which occurs when a borrower prepays a loan prior to the end of a specified period, LendingTree Loans may be required to repay all or a portion of the premium initially paid by the investor. The estimated obligation associated with early loan payoffs is calculated based on historical loss experience by type of loan.

The obligation for losses related to the representations and warranties and other provisions discussed above is initially recorded at its estimated fair value, which includes a projection of expected future losses as well as a market based premium. Because LendingTree Loans does not service the loans it sells, it does not maintain nor have access to the current balances and loan performance data with respect to the individual loans previously sold to investors. Accordingly, the Company is unable to determine, with precision, its maximum exposure under its representations and warranties. However, LendingTree Loans utilizes the original loan balance (before it was sold to an investor), historical and projected loss frequency and loss severity ratios by loan type as well as analyses of losses in process to estimate its exposure to losses on loans previously sold. The Company maintains a liability related to this exposure based, in part, on historical and projected loss frequency and loss severity using its loan loss history (adjusted for recent trends in loan loss experience), the original principal amount of the loans previously sold, the year the loans were sold, and loan type. Accordingly, subsequent adjustments to the obligation, if any, are not made based on changes in the fair value of the obligation, which might include an estimated change in losses that may be expected in the future, but are made once further losses are estimated to be both probable and estimable. As such, given current general industry trends in mortgage loans as well as housing prices, market expectations around losses related to the Company's obligations could vary significantly from the obligation recorded as of the balance sheet date or the range estimated below. In estimating its exposure to loan losses, LendingTree Loans categorizes

TREE.COM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 10—ORIGINATION AND SALE OF LOANS, LOANS HELD FOR SALE AND LOAN LOSS OBLIGATIONS (Continued)

its loan sales into four types based on the extent of the documentation provided by the borrower to substantiate income and/or assets (full or limited documentation) and the lien position of the mortgage in the underlying property (first or second position). Each of these loan types has a different loss experience with full documentation, first lien position loans generally having the lowest loss ratios and limited documentation, second lien position loans generally having the highest loss ratios.

The following table represents the loans sold for the period shown and the aggregate loan losses through September 30, 2010:

Period of Loan Sales	As of September 30, 2010				
	Number of loans sold	Original principal balance (in billions)	Number of loans with losses	Original principal balance of loans with losses (in millions)	Amount of aggregate losses (in millions)
Nine months ended September 30, 2010	8,500	\$ 1.9	—	\$ —	\$ —
2009	12,800	2.8	3	0.8	0.1
2008	11,000	2.2	17	3.4	0.7
2007	36,300	6.1	137	17.9	6.1
2006	55,000	7.9	196	21.9	11.9
2005 and prior years	86,700	13.0	86	11.6	4.6
Total	210,300	\$ 33.9	439	\$ 55.6	\$ 23.4

The pipeline of 91 loan repurchase requests and indemnifications as of September 30, 2010 was considered in determining the appropriate reserve amount. The status of these 91 loans varied from an initial review stage, which may result in a rescission of the request, to in process, where the probability of incurring a loss is high, to indemnification, whereby the Company has agreed to reimburse the purchaser of that loan if and when losses are incurred. The indemnification may have a specific term, thereby limiting the Company's exposure. The original principal amount of these loans is approximately \$15.1 million, comprised of approximately 62% full documentation first liens, 4% full documentation second liens, 25% limited documentation first liens, and 9% limited documentation second liens.

In the fourth quarter of 2009, LendingTree Loans entered into settlement negotiations with two buyers of previously purchased limited documentation loans. The settlement with one buyer was completed in December 2009 and included a payment of \$1.9 million related to all second lien loans sold to this buyer, including both full and limited documentation. This amount was not determined on an individual loan basis and is, therefore, not included in the loss amounts disclosed above based on the year such loans were sold. The settlement was included as a charge off to the reserve in 2009. Negotiations with the second buyer were completed in January 2010. This settlement of \$4.5 million, to be paid in four equal quarterly installments in 2010, relates to all future losses on limited documentation second lien loans sold to this buyer. LendingTree Loans must also pay an additional amount of up to \$0.3 million in conjunction with this settlement if it does not sell a certain volume of loans to this buyer in 2010. This amount is being accrued throughout 2010 and is included in the total settlement amount and the estimated settlement payments remaining to be paid. This settlement amount is included as a charge off to the reserve in 2010 and is not included in the table above.

TREE.COM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 10—ORIGINATION AND SALE OF LOANS, LOANS HELD FOR SALE AND LOAN LOSS OBLIGATIONS (Continued)

Based on historical experience, it is anticipated that the Company will continue to receive repurchase requests and incur losses on loans sold in prior years. However, the two settlements discussed above will eliminate future repurchase requests from those buyers for the loan types included in those settlements. As of September 30, 2010 LendingTree Loans estimated the range of remaining possible losses due to representations and warranty issues based on the methodology described above, excluding the \$1.4 million settlement remaining to be paid in 2010, as \$11 million to \$16 million. The Company believes that it has adequately reserved for these losses.

The activity related to loss reserves on previously sold loans for the nine months ended September 30, 2010 and 2009, is as follows (in thousands):

	Nine Months Ended September 30,	
	2010	2009
Balance, beginning of period	\$ 16,985	\$ 10,451
Provisions	8,132	10,133
Charge offs to reserves(a)	(10,172)	(6,548)
Balance, end of period	<u>\$ 14,945</u>	<u>\$ 14,036</u>

- (a) The nine months ended September 30, 2010 includes a charge off for the amount of the \$4.5 million loan loss settlement discussed above plus an estimated portion of the \$0.3 million additional amount based on loans sold to this buyer in 2010. The remaining settlement payments due of \$1.4 million are tracked as a liability separate from the loan loss reserve (see table below).

Based on an analysis of the Company's historical loan loss experience, it has been determined that a portion of the loan losses expected to be made by investors will be made more than twelve months after the current reporting date. Accordingly, the Company has estimated the portion of its loans sold reserve that it anticipates it will be liable for after twelve months and has classified that portion of the reserve as a long-term liability. The liability for losses on previously sold loans, including the remaining portion of the settlement discussed above, is presented in the accompanying consolidated balance sheet as of September 30, 2010 and December 31, 2009 as follows (in thousands):

	As of September 30, 2010	As of December 31, 2009
Current portion related to settlement above, included in accrued expenses and other current liabilities	\$ 1,350	\$ 4,500
Other current portion, included in accrued expenses and other current liabilities	6,609	6,115
Long term portion, included in other long-term liabilities	8,336	6,370
Total	<u>\$ 16,295</u>	<u>\$ 16,985</u>

TREE.COM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 11—INCOME TAXES

For the three months ended September 30, 2010 and 2009, Tree.com recorded a tax (provision) benefit of \$(0.05) million and \$0.2 million, respectively, which represents effective tax rates of 2.2% and (2.4)%, respectively. For both periods, the tax rate is lower than the federal statutory rate of 35% mainly due to the change in the valuation allowance on deferred tax assets and a partial release of reserves for uncertain tax positions.

For the nine months ended September 30, 2010 and 2009, Tree.com recorded a tax provision of \$0.9 million and \$0.1 million, respectively, which represents effective tax rates of 19.9% and 3.6%, respectively. For the nine months ended September 30, 2010, the tax rate is lower than the federal statutory rate of 35% mainly due to an increase in the valuation allowance on deferred tax assets. For the nine months ended September 30, 2009, there was an increase in the valuation allowance and non-deductible impairment charges that caused the tax rate to be lower than the federal statutory rate.

Tree.com's unrecognized tax benefits decreased by approximately \$0.5 million in the third quarter of 2010. The decrease was due to a partial release of the reserves for uncertain tax positions. Tree.com believes that it is reasonably possible that its remaining unrecognized tax benefits could decrease by approximately \$0.1 million within twelve months of the current reporting date due to the expiration of state statute of limitations. An estimate of other changes in unrecognized tax benefits cannot be made, but are not expected to be significant.

For the nine months ended September 30, 2010, Tree.com determined that its valuation allowance yielded an unusual effective tax rate; therefore, Tree.com utilized the actual year to date effective tax rate for purposes of determining year to date tax expense. This approach is consistent with the nine months ended September 30, 2009.

NOTE 12—CONTINGENCIES

During the nine months ended September 30, 2010 and 2009, provisions for litigation settlements of \$1.6 million and \$0.4 million, respectively, were recorded in litigation settlements and contingencies in the accompanying consolidated statements of operations. The balance of the related liability was \$1.5 million and \$12.8 million at September 30, 2010 and December 31, 2009, respectively. The \$12.8 million liability at December 31, 2009 was paid in 2010.

In the ordinary course of business, Tree.com is a party to various lawsuits. Tree.com establishes reserves for specific legal matters when it determines that the likelihood of an unfavorable outcome is probable and the loss is reasonably estimable. Management has also identified certain other legal matters where it believes an unfavorable outcome is not probable and, therefore, no reserve is established. Although management currently believes that an unfavorable resolution of claims against Tree.com, including claims where an unfavorable outcome is reasonably possible, will not have a material impact on the liquidity, results of operations, or financial condition of Tree.com, these matters are subject to inherent uncertainties and management's view of these matters may change in the future. It is possible that an unfavorable outcome of one or more of these lawsuits could have a material impact on the liquidity, results of operations, or financial condition of Tree.com. Tree.com also evaluates other contingent matters, including tax contingencies, to assess the probability and estimated extent of potential loss.

TREE.COM, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

NOTE 13—RESTRUCTURING CHARGES

The restructuring charges in 2010 primarily relate to continuing lease obligations on facilities previously used for call center operations, for which management had a plan to exit at December 31, 2009, but the cease-use date did not occur until January 2010. The restructuring charges in 2009 primarily relate to Tree.com's segment reorganizations and aligning the cost structure with future revenue opportunities. Costs that relate to ongoing operations are not part of restructuring charges. Restructuring charges by segment and type are as follows (in thousands):

	For The Three Months Ended September 30, 2010			
	Employee Termination Costs	Continuing Lease Obligations	Asset Write-offs	Total
LendingTree Loans	\$ —	\$ (14)	\$ —	\$ (14)
Exchanges	44	—	—	44

Balance, end of period	\$ 66	\$ 3,122	\$ —	\$ —	\$ 3,188

At September 30, 2010, restructuring liabilities of \$0.9 million are included in accrued expenses and other current liabilities and \$2.3 million are included in other long-term liabilities in the accompanying consolidated balance sheet. At December 31, 2009, restructuring liabilities of \$1.8 million are included in accrued expenses and other current liabilities and \$0.7 million are included in other long-term liabilities in the accompanying consolidated balance sheet. Tree.com does not expect to incur significant additional costs related to the prior restructurings noted above.

NOTE 14—RELATED PARTY TRANSACTIONS

On August 30, 2010, the Company entered into and consummated a Share Exchange Agreement (the "Share Exchange Agreement") with Douglas R. Lebda, the Company's Chairman and Chief Executive Officer. Pursuant to the Share Exchange Agreement, Mr. Lebda exchanged 2,902.33 currently outstanding shares of Series A Redeemable Preferred Stock, par value \$0.01 per share (the "Preferred Stock"), of LendingTree Holdings Corp., a Delaware corporation and wholly-owned subsidiary of the Company (the "Subsidiary"), owned by him, together with \$1.1 million in accrued and unpaid dividends in respect of such shares, for a total of 534,900 newly-issued shares of Tree.com common stock. The Preferred Stock has a liquidation preference of \$1,000 per share and cumulative cash dividends accrue on the Preferred Stock at the rate of 12% of the liquidation preference per share per year and unpaid dividends compound at a rate per annum equal to the dividend rate. The value of the Common Stock issued to Mr. Lebda pursuant to the Share Exchange Agreement was approximately \$4.0 million and was determined based on the closing price on the Nasdaq Global Market on the trading day preceding the closing of the exchange.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Management Overview

On August 20, 2008, Tree.com, Inc. ("Tree.com") was spun off from its parent company, IAC/InterActiveCorp ("IAC") into a separate publicly traded company. We refer to the separation transaction as the "spin-off." In connection with the spin-off, Tree.com was incorporated as a Delaware corporation in April 2008.

Tree.com is the parent of LendingTree, LLC and the owner of several brands and businesses that provide information, tools, advice, products and services for critical transactions in our customers' lives. Our family of brands includes: LendingTree.com®, GetSmart.com®, RealEstate.com®, DegreeTree.comSM, HealthTree.comSM, LendingTreeAutos.com, DoneRight.com, and InsuranceTree.comSM. Together, these brands serve as an ally for consumers who are looking to comparison shop for loans, real estate and other services from multiple businesses and professionals who will compete for their business.

These businesses and brands are operated under the segments known as LendingTree Loans, the Exchanges and Real Estate. Additionally, certain shared indirect costs that are described below are reported as "Unallocated—Corporate."

The expenses presented below for each of the business segments include an allocation of certain corporate expenses that are identifiable and directly benefit those segments. The unallocated expenses are those corporate overhead expenses that are not directly attributable to a segment and include: corporate expenses such as finance, legal, executive, technology support, and human resources, as well as elimination of inter-segment revenue and costs.

The LendingTree Loans segment originates, processes, approves and funds various residential real estate loans through Home Loan Center, Inc. dba LendingTree Loans ("HLC"). The HLC and LendingTree Loans brand names are collectively referred to in these consolidated financial statements as "LendingTree Loans."

The Exchanges segment consists of online lead generation networks and call centers (principally LendingTree.com, Tree.com, DegreeTree.com, LendingTreeAutos.com and GetSmart.com) that connect consumers and service providers principally in the lending, higher education and automobile marketplaces.

The Real Estate segment consists of a proprietary full-service real estate brokerage (RealEstate.com, REALTORS®) that operates in 20 U.S. markets, as well as an online lead generation network accessed at www.RealEstate.com, that connects consumers with third party real estate brokerages around the country.

From time to time, we may evaluate the potential acquisition of various assets and other businesses that may complement our current services, enhance our capabilities, improve or sustain our competitive position, or otherwise offer growth opportunities. From time to time, also we may consider the potential disposition of certain of our assets, subsidiaries or lines of businesses. As a general rule, we publicly announce any material acquisitions or dispositions when a definitive agreement has been reached.

Results of operations for the three and nine months ended September 30, 2010 compared to the three and nine months ended September 30, 2009:**Revenue**

For the three months ended September 30, 2010 compared to the three months ended September 30, 2009:

	Three Months Ended September 30,			2009
	2010	\$ Change	% Change	
(Dollars in thousands)				
LendingTree Loans:				
Origination and sale of loans	\$ 31,860	\$ 9,365	42%	\$ 22,495
Other	2,900	1,286	80%	1,614
Total LendingTree Loans	34,760	10,651	44%	24,109
Exchanges:				
Match fees	12,858	420	3%	12,438
Closed loan fees	1,656	(3,662)	(69)%	5,318
Other	690	(164)	(19)%	854
Inter-segment revenue	103	103	100%	—
Total Exchanges	15,307	(3,303)	(18)%	18,610
Real Estate	3,213	(4,784)	(60)%	7,997
Inter-segment revenue	(103)	(103)	(100)%	—
Total revenue	\$ 53,177	\$ 2,461	5%	\$ 50,716

LendingTree Loans revenue in 2010 increased from the same period in 2009 due to a large increase in refinancing activity brought on by low consumer borrowing rates. Third quarter 2010 revenue increased 30% quarter-over-quarter on 17% higher closed units. The quarter again saw unprecedented lows in mortgage interest rates which in turn spurred another surge in refinance loan activity. Third quarter revenue increased 44% from the same period last year on 18% more closed loans and a 12% increase in the revenue generated per loan. Looking at the year-over-year revenue increase, the third quarter 2009 reflected a significant slowdown that followed the previously unprecedented refinance boom experienced earlier that year.

The dollar value of loans closed directly by LendingTree Loans is as follows:

	Three Months Ended September 30,			2009
	2010	\$ Change	% Change	
(Dollars in millions)				
Refinance mortgages	\$ 675	\$ 137	25%	\$ 538
Purchase mortgages	47	(35)	(42)%	82
Total	\$ 722	\$ 102	17%	\$ 620

LendingTree Loans originates mortgage loans on property located throughout the United States. Revenue from loans originated for property in California totaled approximately 12% and 8% of Tree.com's consolidated revenue for the three months ended September 30, 2010 and 2009, respectively.

Revenue from Exchanges in 2010 decreased from the same period in 2009 due primarily to a reduction in the amount of closings. Overall matched requests in the third quarter of 2010 declined 7% from the same period in 2009, which reflects a decline of 28% in home loan matches and an increase of 19% in matches for the new consumer vertical areas of higher education, home services and

insurance. Home loan matches were down because of the expansion of volume taken by LendingTree Loans and many lenders experiencing their own high levels of organic lead volume during this low interest rate environment. Matches in new consumer verticals have grown as a result of both business acquisitions completed in 2009 and increased marketing spending. The overall impact on match fees was an increase of 3%, reflecting a shift in pricing on home loan related matches to increase the average match fee (and decrease the average closed loan fee). Also impacting the revenue from closed loan fees was a 24% decline in closed units in the period as a result of the decline in matched loan requests.

The dollar value of loans closed by Exchange network lenders is as follows:

	Three Months Ended September 30,			2009
	2010	\$ Change	% Change	
	(Dollars in millions)			
Refinance mortgages	\$ 979	\$ (12)	(1)%	\$ 991
Purchase mortgages	455	(250)	(35)%	705
Other	74	(81)	(52)%	155
Total	<u>\$ 1,508</u>	<u>\$ (343)</u>	<u>(19)%</u>	<u>\$ 1,851</u>

No single Exchange network lender accounts for revenue representing more than 10% of Tree.com's consolidated revenue for any periods presented.

Real Estate revenue in 2010 decreased from the same period in 2009 principally due to a decrease in closings due to the persistent negative real estate market conditions contributing to lower home sales prices and fewer real estate transactions overall. In addition, the Company consolidated three office locations in the fourth quarter of 2009, which resulted in lower agent count and transactions in 2010. The dollar value of the Company's real estate closings decreased 58% in 2010, from \$330 million in 2009 to \$138 million in 2010.

For the nine months ended September 30, 2010 compared to the nine months ended September 30, 2009:

	Nine Months Ended September 30,			2009
	2010	\$ Change	% Change	
	(Dollars in thousands)			
LendingTree Loans:				
Origination and sale of loans	\$ 79,301	\$ (10,400)	(12)%	\$ 89,701
Other	7,846	2,809	56%	5,037
Total LendingTree Loans	<u>87,147</u>	<u>(7,591)</u>	<u>(8)%</u>	<u>94,738</u>
Exchanges:				
Match fees	38,683	6,376	20%	32,307
Closed loan fees	7,008	(11,172)	(61)%	18,180
Other	2,322	147	7%	2,175
Inter-segment revenue	184	184	100%	—
Total Exchanges	<u>48,197</u>	<u>(4,465)</u>	<u>(8)%</u>	<u>52,662</u>
Real Estate	11,825	(9,724)	(45)%	21,549
Inter-segment revenue	(184)	(184)	(100)%	—
Total revenue	<u>\$ 146,985</u>	<u>\$ (21,964)</u>	<u>(13)%</u>	<u>\$ 168,949</u>

LendingTree Loans revenue in 2010 decreased from the same period in 2009 because loan closing rates declined from 2009. The decrease in loan closing rates was primarily driven by tight secondary credit markets that are unable to serve many consumers who do not have sufficient collateral value or

are not eligible for conforming prime first-lien position loans. The total dollar value of loans closed declined by 13% during 2010, even though the number of consumer loan requests increased by 13% in the same period.

The dollar value of loans closed directly by LendingTree Loans is as follows:

	Nine Months Ended September 30,			2009
	2010	\$ Change	% Change	
	(Dollars in millions)			
Refinance mortgages	\$ 1,759	\$ (238)	(12)%	\$ 1,997
Purchase mortgages	182	(54)	(23)%	236
Total	\$ 1,941	\$ (292)	(13)%	\$ 2,233

LendingTree Loans originates mortgage loans on property located throughout the United States. Revenue from loans originated for property in California totaled approximately 12% of Tree.com's consolidated revenue for the nine months ended both September 30, 2010 and 2009.

Revenue from the Exchanges in 2010 decreased for the same period in 2009 due primarily to a reduction in the amount of closings. Overall matched requests through the third quarter of 2010 declined 11% from the same period in 2009, which reflects a decline of 39% in home loan matches and an increase of 90% in matches for the new consumer vertical areas of higher education, home services and insurance. Home loan matches were down because of the expansion of volume taken by LendingTree Loans and many lenders experiencing their own high levels of organic lead volume during this low interest rate environment. Matches in new consumer verticals have grown as a result of both business acquisitions completed in 2009 and increased marketing spending. The overall impact on match fees was an increase of 20%, reflecting a shift in pricing on home loan related matches to increase the average match fee (and decrease the average close loan fee). Also impacting the revenue from closed loan fees was a 33% decline in closed units in the period as a result of the decline in matched loan requests.

The dollar value of loans closed by Exchange network lenders is as follows:

	Nine Months Ended September 30,			2009
	2010	\$ Change	% Change	
	(Dollars in millions)			
Refinance mortgages	\$ 2,716	\$ (2,164)	(49)%	\$ 4,880
Purchase mortgages	1,741	(15)	(4)%	1,756
Other	194	(259)	(57)%	453
Total	\$ 4,651	\$ (2,438)	(39)%	\$ 7,089

Real Estate revenue in 2010 decreased principally due to a decrease in closings due to the persistent negative real estate market conditions contributing to lower home sales prices and fewer real estate transactions overall. In addition, the Company consolidated three office locations in the fourth quarter of 2009, which resulted in lower agent count and transactions in 2010. The dollar value of the Company's real estate closings decreased 47% in 2010, from \$944 million in 2009 to \$502 million in 2010.

Cost of revenue

For the three months ended September 30, 2010 compared to the three months ended September 30, 2009:

	Three Months Ended September 30,			
	2010	\$ Change	% Change	2009
	(Dollars in thousands)			
LendingTree Loans	\$ 11,049	\$ (636)	(2)%	\$ 11,685
Exchanges	1,312	(97)	(7)%	1,409
Real Estate	2,074	(2,982)	(59)%	5,056
Unallocated—corporate	34	(506)	(97)%	540
Cost of revenue	\$ 14,469	\$ (4,221)	(23)%	\$ 18,690
As a percentage of total revenue	27%		(10)%	37%

As a Percentage of Segment Revenue	Three Months Ended September 30,	
	2010	2009
LendingTree Loans	32%	48%
Exchanges	9%	8%
Real Estate	65%	63%
Unallocated—corporate, as a percentage of total revenue	—%	1%

Cost of revenue consists primarily of costs associated with loan originations, compensation and other employee related costs (including stock-based compensation) related to customer call centers, real estate network support staff and loan officers, as well as credit scoring fees, consumer incentive costs, real estate agent commissions and website network hosting and server fees.

Cost of revenue in 2010 decreased from 2009 primarily due to decreases of \$1.5 million in costs associated with loan originations at LendingTree Loans, \$0.6 million in consumer incentive rebates related to decreased closings at the Exchanges and in Real Estate, and \$2.7 million in commissions paid to real estate agents as a result of decreased closings, offset by an increase of \$1.0 million in compensation costs at LendingTree Loans. The decreases in the cost of loan originations are primarily due to a change in the fee structure in October 2009 whereby the origination fee charged to the borrower was reduced and no longer covered certain origination costs that were previously paid and recorded as expense by LendingTree Loans. Under the current fee structure, these origination costs are passed through to the borrower directly.

For the nine months ended September 30, 2010 compared to the nine months ended September 30, 2009:

	Nine Months Ended September 30,			
	2010	\$ Change	% Change	2009
	(Dollars in thousands)			
LendingTree Loans	\$ 30,752	\$ (7,685)	(18)%	\$ 38,437
Exchanges	3,180	(1,247)	(41)%	4,427
Real Estate	7,312	(6,400)	(47)%	13,712
Unallocated—corporate	474	(1,153)	(71)%	1,627
Cost of revenue	\$ 41,718	\$ (16,485)	(28)%	\$ 58,203
As a percentage of total revenue	28%		(6)%	34%

<u>As a Percentage of Segment Revenue</u>	<u>Nine Months Ended September 30,</u>	
	<u>2010</u>	<u>2009</u>
LendingTree Loans	35%	41%
Exchanges	7%	8%
Real Estate	62%	64%
Unallocated—corporate, as a percentage of total revenue	—%	1%

Cost of revenue in 2010 decreased from 2009 primarily due to decreases of \$7.5 million in costs associated with loan originations at LendingTree Loans, \$2.6 million in compensation and other employee related costs, \$2.0 million in consumer incentive rebates related to decreased closings at the Exchanges and in Real Estate, and \$4.9 million in commissions paid to real estate agents. The decreases in the cost of loan originations are primarily due to a change in the fee structure in October 2009 whereby the origination fee charged to the borrower was reduced and no longer covered certain origination costs that were previously paid and recorded as expense by LendingTree Loans. Under the current fee structure, these origination costs are passed through to the borrower directly.

Selling and marketing expense

For the three months ended September 30, 2010 compared to the three months ended September 30, 2009:

	<u>Three Months Ended September 30,</u>			
	<u>2010</u>	<u>\$ Change</u>	<u>% Change</u>	<u>2009</u>
	(Dollars in thousands)			
LendingTree Loans	\$ 4,432	\$ 1,197	37%	\$ 3,235
Exchanges	12,944	(34)	—%	12,978
Real Estate	454	(767)	(63)%	1,221
Inter-segment marketing	—	(1)	(100)%	1
Selling and marketing expense	<u>\$ 17,830</u>	<u>\$ 395</u>	<u>2%</u>	<u>\$ 17,435</u>
As a percentage of total revenue		<u>34%</u>	<u>—%</u>	<u>34%</u>

<u>As a Percentage of Segment Revenue</u>	<u>Three Months Ended September 30,</u>	
	<u>2010</u>	<u>2009</u>
LendingTree Loans	13%	13%
Exchanges	85%	70%
Real Estate	14%	15%

Selling and marketing expense consists primarily of advertising and promotional expenditures, fees paid to lead sources and compensation and other employee related costs (including stock-based compensation) for personnel engaged in the sales function. Advertising and promotional expenditures primarily include online marketing, as well as television, print and radio spending. Advertising production costs are expensed in the period the related ad is first run.

During the third quarter of 2010, the Company changed its accounting policy for inter-segment revenue and inter-segment marketing expense between the LendingTree Loans and Exchanges segments. This change only impacts the segment results, and does not impact the consolidated financial results of Tree.com.

Marketing expense for the Exchanges is primarily the building and maintaining of the Company's core brands, using both online and offline spending, and generates leads not only for the Exchanges but for other segments as well. Previously, marketing expense for LendingTree Loans was primarily

comprised of inter-segment purchases of leads from the Exchanges, leveraging the LendingTree and GetSmart brands. The Exchanges received inter-segment revenue for the sale of these leads, and that revenue and the related marketing expense at LendingTree Loans would then be eliminated in consolidation of the total Company results. Advertising for Real Estate primarily consists of lead generation through online spending, as well as lead purchases from Exchanges.

The Company now uses a cost sharing approach for these marketing expenses, whereby LendingTree Loans and the Exchanges share the marketing expense on a pro rata basis, based on the quantity of leads received by each segment. There is no longer inter-segment revenue or inter-segment marketing expense related to these leads. Management believes that this cost sharing approach is preferable because it more closely aligns the overall goals of the Company with the goals of segment management, and will ultimately drive the Company to better performance.

Segment reporting results for prior periods reflect the policy change noted above.

Overall selling and marketing expense in 2010 increased from 2009 primarily due to an increase of \$0.6 million in advertising and promotional expenditures. In 2010, Tree.com increased its online marketing advertising by \$0.5 million, from \$10.5 million in 2009 to \$11.0 million in 2010, while broadcast advertising decreased from \$4.1 million in 2009 to \$3.8 million in 2010.

Tree.com anticipates that it will continue to adjust selling and marketing expenditures generally in relation to revenue producing opportunities and that selling and marketing will continue to represent a high percentage of revenue as it continues to promote its brands both online and offline.

For the nine months ended September 30, 2010 compared to the nine months ended September 30, 2009:

	Nine Months Ended September 30,			2009
	2010	\$ Change	% Change	
	(Dollars in thousands)			
LendingTree Loans	\$ 14,597	\$ 7,720	112%	\$ 6,877
Exchanges	38,885	4,540	13%	34,345
Real Estate	1,537	(2,382)	(61)%	3,919
Inter-segment marketing	16	8	109%	8
Selling and marketing expense	\$ 55,035	\$ 9,886	22%	\$ 45,149
As a percentage of total revenue		37%	10%	27%

<u>As a Percentage of Segment Revenue</u>	Nine Months Ended September 30,	
	2010	2009
LendingTree Loans	17%	7%
Exchanges	81%	65%
Real Estate	13%	18%

Overall selling and marketing expense in 2010 increased from 2009 primarily due to an increase of \$9.6 million in advertising and promotional expenditures. In 2010, Tree.com increased its online marketing advertising by \$9.9 million, from \$24.7 million in 2009 to \$34.6 million in 2010, while broadcast advertising decreased from \$12.4 million in 2009 to \$12.2 million in 2010.

The overall increase from 2009 in both dollars and as a percentage of revenue is due to several factors. In 2009, Exchanges was able to decrease advertising spending as it experienced naturally higher consumer demand that was driven by the lower mortgage interest rate environment and improvements in organic traffic. Also, LendingTree Loans received "overflow" leads during the early part of 2009 from a partner that received more leads than its capacity could handle. Moving into 2010, while overall mortgage interest rates remained low, there was not the significant and swift decline in rates that was

seen in 2009 that captured the attention of the consumer, so Exchanges responded by increasing advertising spending by 13% and generated a lower quantity of matched requests (an 11% decrease from the same period in 2009). This returned the marketing expense as a percentage of revenue to a more normalized level of 37% in 2010. This increase also directly impacts the allocated cost per lead for LendingTree Loans, which is reflected in the increase in marketing expense for that segment in the table above.

General and administrative expense

For the three months ended September 30, 2010 compared to the three months ended September 30, 2009:

	Three Months Ended September 30,			
	2010	\$ Change	% Change	2009
	(Dollars in thousands)

Real Estate	951	(1,116)	(54)%	2,067
Unallocated—corporate	5,701	(2,543)	(31)%	8,244
General and administrative expense	\$ 14,035	\$ (3,480)	(20)%	\$ 17,515
As a percentage of total revenue	26%		(9)%	35%

As a Percentage of Segment Revenue	Three Months Ended September 30,	
	2010	2009
LendingTree Loans	19%	22%
Exchanges	4%	10%
Real Estate	30%	26%
Unallocated—corporate, as a percentage of total revenue	11%	16%

General and administrative expense consists primarily of compensation and other employee related costs (including stock-based compensation) for personnel engaged in finance, legal, tax, corporate information technology, human resources and executive management functions, as well as facilities and infrastructure costs and fees for professional services.

General and administrative expense in 2010 decreased \$3.5 million from 2009. This decrease reflects a \$1.3 million reduction in litigation and regulatory costs and \$0.4 million reduction in facilities costs due to lower headcount and occupying fewer facilities. The 2010 period also includes a \$1.1 million negative expense related to post acquisition adjustments, with \$0.9 million reflected in Exchanges and \$0.2 million in Real Estate. These post acquisition adjustments are a result of the change in fair value of the estimated contingent consideration to be paid for business acquisitions that were completed in 2009. These adjustments are shown as negative expense within general and administrative expense, but are excluded from our definition of Adjusted EBITDA.

General and administrative expense within the LendingTree Loans segment increased \$1.4 million primarily due to increases of \$1.2 million in compensation and other employee related costs (excluding non-cash compensation) due to higher headcount.

General and administrative expense within the Exchanges segment decreased \$1.3 million primarily due to the post acquisition expense discussed above.

General and administrative expense within the Real Estate segment decreased \$1.1 million primarily due to a decrease of \$0.4 million in compensation and other employee related costs (excluding non-cash compensation) as a result of prior restructuring activities, a \$0.2 million reduction

in facilities costs due to lower headcount, occupying less office space and the post acquisition expense discussed above.

General and administrative expense within the Unallocated—corporate segment decreased \$2.5 million primarily due to a decrease of \$0.3 million in compensation and other employee related costs (excluding non-cash compensation) as a result of prior restructuring activities and a decrease of \$1.5 million in litigation and regulatory costs.

For the nine months ended September 30, 2010 compared to the nine months ended September 30, 2009:

	Nine Months Ended September 30,			2009
	2010	\$ Change	% Change	
	(Dollars in thousands)			
LendingTree Loans	\$ 16,446	\$ 288	2%	\$ 16,158
Exchanges	3,733	(3,650)	(49)%	7,383
Real Estate	4,049	(3,048)	(43)%	7,097
Unallocated—corporate	15,035	(5,256)	(26)%	20,291
General and administrative expense	\$ 39,263	\$ (11,666)	(23)%	\$ 50,929
As a percentage of total revenue		27%	(3)%	30%

As a Percentage of Segment Revenue	Nine Months Ended September 30,	
	2010	2009
LendingTree Loans	19%	17%
Exchanges	8%	14%
Real Estate	34%	33%
Unallocated—corporate, as a percentage of total revenue	10%	12%

General and administrative expense in 2010 decreased \$11.7 million from the same period in 2009. This decrease reflects a \$6.0 million reduction in compensation and other employee related costs, excluding non-cash compensation, as a result of prior restructuring activities. Other significant decreases during 2010 include \$0.9 million in loss on disposal of fixed assets, \$1.9 million in litigation and regulatory costs, and \$0.9 million in facilities costs due to lower headcount and occupying fewer facilities. The 2010 period also includes a \$1.1 million negative expense related to post acquisition adjustments, with \$0.9 million reflected in Exchanges and \$0.2 million in Real Estate. These post acquisition adjustments are a result of the change in fair value of the estimated contingent consideration to be paid for business acquisitions that were completed in 2009. These adjustments are shown as negative expense within general and administrative expense, but are excluded from our definition of Adjusted EBITDA.

General and administrative expense within the LendingTree Loans segment increased \$0.3 million primarily due to an increase in professional fees.

General and administrative expense within the Exchanges segment decreased \$3.7 million primarily due to decreases of \$1.3 million in compensation and other employee related costs (excluding non-cash compensation), \$0.9 million in loss on disposal of fixed assets, and the post acquisition expense discussed above.

General and administrative expense within the Real Estate segment decreased \$3.0 million primarily due to a decrease of \$2.0 million in compensation and other employee related costs (excluding non-cash compensation) as a result of prior restructuring activities, a \$0.5 million reduction in facilities costs due to lower headcount and occupying less office space, and the post acquisition expense discussed above.

General and administrative expense within the Unallocated—corporate segment decreased \$5.3 million primarily due to a decrease of \$2.2 million in compensation and other employee related costs (excluding non-cash compensation) as a result of prior restructuring activities and a decrease of \$2.2 million in litigation and regulatory costs.

Product development

For the three months ended September 30, 2010 compared to the three months ended September 30, 2009:

	Three Months Ended September 30,			2009
	2010	\$ Change	% Change	
	(Dollars in thousands)			
LendingTree Loans	\$ 135	\$ (30)	(19)%	\$ 165

Real Estate	2%	6%
Unallocated—corporate, as a percentage of total revenue	—%	—%

Product development expense in 2010 decreased from 2009 due to decreased compensation and other employee related costs.

Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization

Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization ("Adjusted EBITDA") is a non-GAAP measure and is defined in "Tree.com's Principles of Financial Reporting". For a reconciliation of Adjusted EBITDA to operating income (loss) for Tree.com's operating segments and to net income (loss) in total, see Note 7 to the consolidated financial statements.

For the three months ended September 30, 2010 compared to the three months ended September 30, 2009:

	<u>Three Months Ended September 30,</u>			
	<u>2010</u>	<u>\$ Change</u>	<u>% Change</u>	<u>2009</u>
	(Dollars in thousands)			
LendingTree Loans	\$ 12,524	\$ 8,707	228%	\$ 3,817
Exchanges	(1,198)	(2,773)	NM	1,575
Real Estate	(533)	98	16%	(631)
Unallocated—corporate	(5,255)	3,036	37%	(8,291)
Adjusted EBITDA	<u>\$ 5,538</u>	<u>\$ 9,068</u>	NM	<u>\$ (3,530)</u>
As a percentage of total revenue	10%		17%	(7)%

<u>As a Percentage of Segment Revenue</u>	<u>Three Months Ended September 30,</u>	
	<u>2010</u>	<u>2009</u>
LendingTree Loans	36%	16%
Exchanges	(8)%	8%
Real Estate	(17)%	(8)%
Unallocated—corporate, as a percentage of total revenue	(10)%	(16)%

Adjusted EBITDA in 2010 increased, primarily reflecting the revenue improvements at LendingTree Loans in addition to lower professional fees and employee costs. Third quarter revenue at LendingTree Loans increased 44% from the same period last year on 18% more closed loans and a 12% increase in the revenue generated per loan. The lower professional fees and employee costs were driven by cost-cutting initiatives implemented for 2010.

For the nine months ended September 30, 2010 compared to the nine months ended September 30, 2009:

	Nine Months Ended September 30,			2009
	2010	\$ Change	% Change	
	(Dollars in thousands)			
LendingTree Loans	\$ 25,517	\$ (7,536)	(23)%	\$ 33,053
Exchanges	(107)	(5,829)	NM	5,722
Real Estate	(1,446)	2,767	66%	(4,213)
Unallocated—corporate	(14,180)	6,547	32%	(20,727)
Adjusted EBITDA	\$ 9,784	\$ (4,051)	(29)%	\$ 13,835
As a percentage of total revenue	7%		(1)%	8%

As a Percentage of Segment Revenue	Nine Months Ended September 30,	
	2010	2009
LendingTree Loans	29%	35%
Exchanges	—%	11%
Real Estate	(12)%	(20)%
Unallocated—corporate, as a percentage of total revenue	(10)%	(12)%

Adjusted EBITDA in 2010 decreased, reflecting a decrease in revenue at LendingTree Loans and an increase in marketing expense as described above. Revenue at LendingTree Loans was down compared to the same period in 2009 due to a decrease in loan closing rates. The decrease in loan closing rates was primarily driven by tight secondary credit markets that are unable to serve many consumers who do not have sufficient collateral value or are not eligible for conforming prime first-lien position loans. Marketing expense was increased in 2010 to combat the absence of a swift decline in interest rates like the market had experienced in 2009.

Operating income (loss)

For the three months ended September 30, 2010 compared to the three months ended September 30, 2009:

	Three Months Ended September 30,			2009
	2010	\$ Change	% Change	
	(Dollars in thousands)			
LendingTree Loans	\$ 10,539	\$ 7,548	252%	\$ 2,991
Exchanges	(1,319)	(2,213)	NM	894
Real Estate	(1,182)	532	31%	(1,714)
Unallocated—corporate	(6,117)	3,496	36%	(9,613)
Operating income (loss)	\$ 1,921	\$ 9,363	NM	\$ (7,442)
As a percentage of total revenue	4%		19%	(15)%

<u>As a Percentage of Segment Revenue</u>	Three Months Ended September 30,	
	2010	2009
LendingTree Loans	30%	12%
Exchanges	(9)%	5%
Real Estate	(37)%	(21)%
Unallocated—corporate, as a percentage of total revenue	(12)%	(19)%

Operating income in 2010 increased from 2009 resulting primarily from the increase in refinancing activity at LendingTree Loans. Year-over-year, revenue was 5% higher than the third quarter 2009. This year-over-year increase in total revenue is due to 18% more closed loans at LendingTree Loans, partially offset by fewer year-over-year matched loan requests on Exchanges and fewer closed home sales in the Real Estate segment. Corporate operating loss decreased due to a reduction of expenses, primarily litigation and professional fees.

For the nine months ended September 30, 2010 compared to the nine months ended September 30, 2009:

	Nine Months Ended September 30,			
	2010	\$ Change	% Change	2009
	(Dollars in thousands)			
LendingTree Loans	\$ 22,364	\$ (8,873)	(28)%	\$ 31,237
Exchanges	(2,344)	(5,399)	NM	3,055
Real Estate	(4,453)	8,473	66%	(12,926)
Unallocated—corporate	(19,457)	4,919	20%	(24,376)
Operating loss	<u>\$ (3,890)</u>	<u>\$ (880)</u>	<u>(29)%</u>	<u>\$ (3,010)</u>
As a percentage of total revenue		(3)%	(1)%	(2)%

<u>As a Percentage of Segment Revenue</u>	Nine Months Ended September 30,	
	2010	2009
LendingTree Loans	26%	33%
Exchanges	(5)%	6%
Real Estate	(38)%	(60)%
Unallocated—corporate, as a percentage of total revenue	(13)%	(14)%

Operating loss in 2010 increased from 2009 resulting primarily from the decrease in revenue at LendingTree Loans due to lower closing rates and the increase in marketing expense on the Exchanges described above, partially offset by decreases to Real Estate and Corporate operating loss driven by cost-cutting reductions in marketing and general and administrative expenses.

Income tax provision

For the three months ended September 30, 2010 and 2009, Tree.com recorded a tax (provision) benefit of \$(0.05) million and \$0.2 million, respectively, which represents effective tax rates of 2.2% and (2.4)%, respectively. For both periods, the tax rate is lower than the federal statutory rate of 35% mainly due to the change in the valuation allowance on deferred tax assets and a partial release of reserves for uncertain tax positions.

For the nine months ended September 30, 2010 and 2009, Tree.com recorded a tax provision of \$0.9 million and \$0.1 million, respectively, which represents effective tax rates of (19.9)% and (3.6)%, respectively. For the nine months ended September 30, 2010, the tax rate is lower than the federal statutory rate of 35% mainly due to an increase in the valuation allowance on deferred tax assets. For the nine months ended September 30, 2009, there was an increase in the valuation allowance and non-deductible impairment charges that caused the tax rate to be lower than the federal statutory rate.

FINANCIAL POSITION, LIQUIDITY AND CAPITAL RESOURCES

As of September 30, 2010, Tree.com had \$68.4 million of cash and cash equivalents and restricted cash and cash equivalents.

Net cash used in operating activities was \$81.0 million in the nine months ended September 30, 2010, compared to \$24.4 million provided by operating activities in the same period in 2009. The change from cash provided by operating activities in 2009 to cash used in operating activities in 2010 was primarily due to funding \$77 million more loans in September 2010 than in September 2009 and holding loans on the balance sheet for more days on average before sale. The increase in holding time is due to investor capacity issues causing them to take longer to purchase loans. Additionally, there was an \$18.5 million decrease in accounts payable and other current liabilities, principally due to litigation related payments of \$12.8 million that were made in the nine months ended September 30, 2010.

Net cash used in investing activities in the nine months ended September 30, 2010 of \$4.3 million primarily resulted from capital expenditures of \$5.0 million, offset by the release of restricted cash of \$0.8 million. Net cash used in investing activities in the nine months ended September 30, 2009 of \$4.7 million primarily resulted from acquisitions totaling \$5.7 million and capital expenditures of \$2.2 million.

Net cash provided by financing activities in the nine months ended September 30, 2010 of \$56.5 million was primarily due to net borrowings under warehouse lines of credit of \$61.6 million related to the increase in loans held for sale as discussed above, less purchases of treasury stock of \$4.7 million. Net cash used in financing activities in the nine months ended September 30, 2009 of \$6.6 million was primarily due to net repayments under warehouse lines of credit of \$9.1 million less proceeds from the sale of common stock of \$3.4 million.

As of September 30, 2010, LendingTree Loans had two committed warehouse lines of credit totaling \$125.0 million of borrowing capacity. The total borrowing capacity under these lines was increased to \$150.0 million effective October 29, 2010 upon renewal of the second line. LendingTree Loans also has a \$25.0 million uncommitted line with one of these lenders. Borrowings under these lines of credit are used to fund, and are secured by, consumer residential loans that are held for sale. Loans under these lines of credit are repaid using proceeds from the sales of loans held for sale by LendingTree Loans. At September 30, 2010, there was \$140.1 million outstanding under the lines of credit.

The \$50.0 million first line is scheduled to expire on June 29, 2011. This line can be cancelled at the option of the lender without default upon sixty days notice. This first line includes an additional uncommitted credit facility of \$25.0 million. This first line is also guaranteed by Tree.com, Inc., Lending Tree, LLC and Lending Tree Holdings Corp. The interest rate under the first line is 2.25% plus the greater of (a) 30-day LIBOR or (b) 2.00%. The interest rate under the \$25.0 million uncommitted line is 30-day LIBOR plus 1.50%. LendingTree Loans is also required to sell at least 25% of the loans it originates to the lender under this line or pay a "pair-off fee" of 0.25% on the difference between the required and actual volume of loans sold.

The borrowing capacity of the second line was increased from \$75.0 million to \$100.0 million upon renewal of the line effective October 29, 2010. The expiration date of this line is October 28, 2011. This second line is also guaranteed by Tree.com, Inc., LendingTree, LLC and LendingTree Holdings Corp. The interest rate under this line was decreased from 30-day Adjusted LIBOR or 2.0% (whichever is greater) plus 2.50% to 3.0% prior to renewal, to 30-day Adjusted LIBOR or 2.0% (whichever is greater) plus 2.25% to 2.5% after renewal, for loans being sold to the lender. Additionally, the interest rate for loans not being sold to the lender was decreased from 30-day Adjusted LIBOR or 2.0% (whichever is greater) plus 2.75% prior to renewal, to 30-day Adjusted LIBOR or 2.0% (whichever is greater) plus 2.25% after renewal.

Under the terms of these warehouse lines, LendingTree Loans is required to maintain various financial and other covenants. These financial covenants include, but are not limited to, maintaining (i) minimum tangible net worth of \$25.0 million, (ii) minimum liquidity, (iii) a minimum current ratio, (iv) a maximum ratio of total liabilities to net worth, (v) a maximum leverage ratio, (vi) pre-tax net income requirements and (vii) a maximum warehouse capacity ratio. During the quarter ended September 30, 2010, LendingTree Loans was in compliance with the covenants under the lines.

The LendingTree Loans business is highly dependent on the availability of these warehouse lines. Although we believe that our existing lines of credit are adequate for our current operations, reductions in our available credit, or the inability to renew or replace these lines, would have a material adverse effect on our business, financial condition and results of operations. Management has determined that it could continue to operate the LendingTree Loans business at a reduced capacity if one, but not both, of the warehouse lines were lost.

Tree.com anticipates that it will need to make capital and other expenditures in connection with the development and expansion of its overall operations.

In connection with the completion of the spin-off, intercompany payable balances with IAC were extinguished and IAC transferred to Tree.com an amount of cash that was sufficient for its initial capitalization. Tree.com has considered its anticipated operating cash flows in 2010, cash and cash equivalents, current capacity under its warehouse lines of credit and access to capital markets, subject to restrictions in the tax sharing agreement, and believes that these are sufficient to fund its operating needs, including debt requirements, commitments, contingencies, capital and investing commitments for the foreseeable future.

CONTRACTUAL OBLIGATIONS AND COMMERCIAL COMMITMENTS

Contractual Obligations as of September 30, 2010	Payments Due by Period				
	Total	Less Than 1 Year	1 - 3 Years	3 - 5 Years	More Than 5 Years
	(In thousands)				
Short-term borrowings(a)	\$ 140,112	\$ 140,112	\$ —	\$ —	\$ —
Capital lease obligations	108	44	64	—	—
Purchase obligations(b)	3,736	3,736	—	—	—
Loan loss settlement obligations(c)	1,350	1,350	—	—	—
Preferred stock liquidation value and accreted interest(d)	3,112	—	3,112	—	—
Operating leases	19,280	4,496	8,220	6,564	—
Total contractual cash obligations	\$ 167,698	\$ 149,738	\$ 11,396	\$ 6,564	\$ —

- (a) The short-term borrowings are the Company's warehouse lines of credit that are used exclusively for funding loans held for sale. These borrowings are collateralized by and are repaid from proceeds from selling the loans held for sale. Interest on these borrowings as of September 30, 2010 is not significant.
- (b) The purchase obligations primarily relate to marketing event contracts in 2010.
- (c) In the fourth quarter of 2009, LendingTree Loans completed settlement negotiations with a buyer of previously purchased stated income second lien position loans. The settlement provides for fixed payments to be made in 2010 by LendingTree Loans as full settlement of all future losses with this investor related to this type of loans. Additionally, this amount includes the accrual of a pair-off

fee in conjunction with this settlement because LendingTree Loans did not sell a specified amount of loans to this investor in 2010.

- (d) The preferred stock obligation represents the obligation the Company has to redeem at maturity the 2,097.67 shares of preferred stock which the Company's CEO was granted in LendingTree Holdings Corp., a subsidiary of Tree.com at the time of the spin-off from IAC. These shares earn dividends at 12%, will fully vest on August 20, 2011 but not payable until 2013, and have a liquidation preference of \$2.1 million.

Seasonality

LendingTree Loans, Exchanges and Real Estate revenue is subject to the cyclical and seasonal trends of the U.S. housing market. Home sales typically rise during the spring and summer months and decline during the fall and winter months. Refinancing and home equity activity is principally driven by mortgage interest rates as well as real estate values. The broader cyclical trends in the mortgage and real estate markets have upset the usual seasonal trends.

New Accounting Pronouncements

Refer to Note 2 to the consolidated financial statements for a description of recent accounting pronouncements.

Nasdaq Compliance

Steven Ozonian, a former independent member of our Board of Directors, voluntarily resigned from service on the Board of Directors, effective November 1, 2010, in connection with joining the Company as Chief Executive Officer of the Real Estate division. On November 1, 2010, we notified the Listings Qualifications Department of the Nasdaq Stock Market of Steven Ozonian's resignation from the Company's Board of Directors, effective November 1, 2010, and the resulting non-compliance with Nasdaq Marketplace Rule 5605 ("Rule 5605"), which requires that a majority of the Company's Board of Directors be comprised of independent members. On November 3, 2010, we received notice from Nasdaq advising that, as a result of Mr. Ozonian's resignation from the Board of Directors, we were not in compliance with Rule 5605 and confirming that we were provided a cure period until the earlier of the Company's next annual shareholders' meeting or October 31, 2011 to regain compliance, provided that if the next annual shareholders' meeting is held before April 29, 2011, then we must regain compliance no later than April 29, 2011. We anticipate that we will regain compliance within the time period noted.

TREE.COM'S PRINCIPLES OF FINANCIAL REPORTING

Tree.com reports Earnings Before Interest, Taxes, Depreciation and Amortization ("EBITDA"), and adjusted for certain items discussed below ("Adjusted EBITDA"), as supplemental measures to GAAP. These measures are two of the primary metrics by which Tree.com evaluates the performance of its businesses, on which its internal budgets are based and by which management is compensated. Tree.com believes that investors should have access to the same set of tools that it uses in analyzing its results. These non-GAAP measures should be considered in addition to results prepared in accordance with GAAP, but should not be considered a substitute for or superior to GAAP results. Tree.com provides and encourages investors to examine the reconciling adjustments between the GAAP and non-GAAP measure discussed below.

Definition of Tree.com's Non-GAAP Measures

Adjusted EBITDA is defined as EBITDA excluding (1) non-cash compensation expense, (2) non-cash intangible asset impairment charges, (3) gain/loss on disposal of assets, (4) restructuring

expenses, (5) litigation loss contingencies and settlements, (6) pro forma adjustments for significant acquisitions, and (7) one-time items. Adjusted EBITDA has certain limitations in that it does not take into account the impact to Tree.com's statement of operations of certain expenses, including depreciation, non-cash compensation and acquisition related accounting. Tree.com endeavors to compensate for the limitations of the non-GAAP measure presented by also providing the comparable GAAP measure with equal or greater prominence and descriptions of the reconciling items, including quantifying such items, to derive the non-GAAP measure.

Pro Forma Results

Tree.com will only present EBITDA and Adjusted EBITDA on a pro forma basis if it views a particular transaction as significant in size or transformational in nature. For the periods presented in this report, there are no transactions that Tree.com has included on a pro forma basis.

One-Time Items

Adjusted EBITDA is presented before one-time items, if applicable. These items are truly one-time in nature and non-recurring, infrequent or unusual, and have not occurred in the past two years or are not expected to recur in the next two years, in accordance with SEC rules. For the periods presented in this report, there are no one-time items.

Non-Cash Expenses That Are Excluded From Tree.com's Non-GAAP Measures

Non-cash compensation expense consists principally of expense associated with the grants of restricted stock units and stock options. These expenses are not paid in cash, and Tree.com will include the related shares in its future calculations of fully diluted shares outstanding. Upon vesting of restricted stock units and the exercise of certain stock options, the awards will be settled, at Tree.com's discretion, on a net basis, with Tree.com remitting the required tax withholding amount from its current funds.

Amortization and impairment of intangibles are non-cash expenses relating primarily to acquisitions. At the time of an acquisition, the intangible assets of the acquired company, such as purchase agreements, technology and customer relationships, are valued and amortized over their estimated lives.

RECONCILIATION OF EBITDA

For a reconciliation of EBITDA and Adjusted EBITDA to operating income (loss) for Tree.com's operating segments and to net income (loss) in total for the three months and the nine months ended September 30, 2010 and 2009, see Note 7 to the consolidated financial statements.

Item 3. *Quantitative and Qualitative Disclosures about Market Risk*

Interest Rate Risk

Tree.com's exposure to market rate risk for changes in interest rates relates primarily to LendingTree Loans' loans held for sale and interest rate lock commitments.

Loans Held for Sale and Interest Rate Lock Commitments

LendingTree Loans' mortgage banking operations expose the Company to interest rate risk for loans originated until those loans are sold in the secondary market ("loans held for sale"). The fair value of loans held for sale is subject to change primarily due to changes in market interest rates. LendingTree Loans hedges the changes in fair value of certain loans held for sale primarily by entering into "to be announced mortgage-backed securities" ("TBA MBS") and best efforts forward delivery commitments. The changes in fair value of the derivative instruments are recognized in current earnings as a component of revenue.

In addition, LendingTree Loans provides interest rate lock commitments ("IRLCs") to fund mortgage loans at interest rates previously agreed upon with the borrower for specified periods of time, which also expose it to interest rate risk. IRLCs are considered derivative instruments and, therefore, are recorded at fair value, with changes in fair value reflected in current period earnings. To manage the interest rate risk associated with the IRLCs, the Company uses derivative instruments, including TBA MBS and best efforts forward delivery commitments.

The fair values of derivative financial instruments at LendingTree Loans are impacted by movements in market interest rates. Changes in the fair value of the derivative financial instruments are substantially offset by changes in the fair value of the items for which risk is being mitigated. As of September 30, 2010, if market interest rates had increased by 1.00%, the aggregate fair value of the derivative financial instruments and the hedged items at LendingTree Loans would have decreased by \$1.5 million. As of September 30, 2010, if market interest rates had decreased by 1.00%, the aggregate fair value of the derivative financial instruments and the hedged items at LendingTree Loans would have decreased by \$0.8 million.

Item 4T. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this report, an evaluation of the effectiveness of the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) was performed under the supervision and with the participation of the Company's management, including the principal executive officer and principal financial officer. Based on that evaluation, the Company's principal executive officer and principal financial officer have concluded that the Company's disclosure controls and procedures are effective to ensure that information required to be disclosed by the Company in its reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC rules and forms, and that information required to be disclosed by the Company in the reports the Company files or submits under the Exchange Act is accumulated and communicated to the Company's management, including its principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

During the Company's third quarter of fiscal 2010, there has been no change in the Company's internal controls over financial reporting (as defined in Rule 13a-15(f) and 15d-15(f) promulgated under the Exchange Act) that has materially affected, or is reasonably likely to materially affect, the Company's internal controls over financial reporting.

PART II

OTHER INFORMATION

Item 1. *Legal Proceedings*

In the ordinary course of business, the Company and its subsidiaries are parties to litigation involving property, contract, intellectual property and other claims. We included a discussion of certain legal proceedings in Part I, Item 3, of our Annual Report on Form 10-K for the year ended December 31, 2009 as amended by our Annual Report on Form 10-K/A (the "2009 Form 10-K") and in our Current Reports on Form 8-K filed with the Securities and Exchange Commission (the "SEC") on January 11, 2010, January 15, 2010 and February 19, 2010 (the "Form 8-Ks"), and an update in Part II, Item 1, of our Quarterly Report on Form 10-Q for the quarter ended March 31, 2010 ("1st Quarter 2010 10-Q"). During the quarter ended September 30, 2010, there were no material developments to the legal proceedings disclosed in our Form 8-Ks, in the 2009 Form 10-K or 1st Quarter 2010 10-Q and no new material proceedings except as set forth below.

LendingTree v. Zillow, Inc., et.al. Civil Action No. 3:10-cv-439. On September 8, 2010, the Company filed an action for patent infringement in the US District Court for the Western District of NC against Zillow, Inc., Nextag, Inc., Quinstreet, Inc., Quinstreet Media, Inc., and Adchemy, Inc. The complaint was amended to include Leadpoint, Inc. d/b/a Securerights on September 24, 2010. The Company alleges that each of the defendants infringe one or both of the Company's patents—U.S. Patent No. 6,385,594, entitled "Method and Computer Network for Co-Ordinating a Loan over the Internet," and U.S. Patent No. 6,611,816, entitled "Method and Computer Network for Co-Ordinating a Loan over the Internet." Collectively, the asserted patents cover computer hardware and software used in facilitating business between computer users and multiple lenders on the Internet.

Arizona Attorney General Civil Investigation Demand. On March 30, 2010, HLC received a civil investigative demand from the state of Arizona. HLC agreed to a voluntary compromise of disputed claims made by the Arizona Attorney General concerning alleged violations of the Arizona Consumer Fraud Act pertaining to marketing of payment option arm loans made to Arizona consumers from 2005 to 2007. The Arizona Attorney General alleged HLC misrepresented the true nature of monthly payment and mortgage structure for pay option arms and did not properly disclose the risks of these products. Arizona uses a "least sophisticated consumer" standard to determine if marketing materials might tend to deceive a consumer. On October 29, 2010, HLC entered into a settlement agreement to settle the matter, without admitting wrongdoing, for \$1.2 million plus attorneys' fees and costs.

Item 1A. *Risk Factors*

Cautionary Statement Regarding Forward-Looking Information

This Quarterly Report on Form 10-Q contains "forward looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. The use of words such as "anticipates," "estimates," "expects," "projects," "intends," "plans" and "believes," among others, generally identify forward-looking statements. These forward-looking statements include, among others, statements relating to: the adequacy of our current warehouse lines for our current operations and our ability to operate our LendingTree Loans business at a reduced capacity if we were to lose one of these lines; our belief that we will continue to adjust selling and marketing expenditures generally in relation to revenue producing opportunities and that our selling and marketing efforts will continue to represent a high percentage of our revenues; our Compensation Committee's belief that placing a greater emphasis on incentive arrangements and equity compensation will result in the Company's executives and employees being paid for performance and will better align their incentives with the Company's strategic goals; our belief that we will need to make capital and other expenditures in connection with the development and expansion of our overall operations; and our belief that our sources of liquidity are sufficient to fund our operating needs, including debt requirements, commitments and

contingencies and capital and investing commitments for the foreseeable future and our ability to successfully implement our strategic initiatives in Real Estate. These forward-looking statements also include statements related to: Tree.com's anticipated financial performance; Tree.com's business prospects and strategy; anticipated trends and prospects in the various industries in which Tree.com businesses operate; new products, services and related strategies; and other similar matters. These forward looking statements are based on management's current expectations and assumptions about future events, which are inherently subject to uncertainties, risks and changes in circumstances that are difficult to predict.

Actual results could differ materially from those contained in the forward looking statements included in this report for a variety of reasons, including, among others, the risk factors set forth below. Other unknown or unpredictable factors that could also adversely affect Tree.com's business, financial condition and results of operations may arise from time to time. In light of these risks and uncertainties, the forward looking statements discussed in this report may not prove to be accurate. Accordingly, you should not place undue reliance on these forward looking statements, which only reflect the views of Tree.com management as of the date of this report. Tree.com does not undertake to update these forward-looking statements.

Other than the risk factors set forth below, there have been no material changes to the risk factors included in Part I, Item 1A, of the 2009 Form 10-K and Part II, Item 1A of our quarterly reports on Form 10-Q for the quarterly periods ended March 31, 2010 and June 30, 2010.

Adverse Events and Trends—Adverse conditions in the credit markets could materially and adversely affect our business, financial condition and results of operations.

The credit markets, in particular those financial institutions that provide warehouse financing and similar arrangements to mortgage lenders, have been experiencing unprecedented and continued disruptions resulting from instability in the mortgage and housing markets. LendingTree Loans originates, processes, approves and funds various consumer mortgage loans through HLC, which operates primarily under the brand name "LendingTree Loans®." These direct lending operations have significant financing needs that are currently being met through borrowings under warehouse lines of credit or repurchase agreements to fund and close loans, followed by the sale of substantially all loans funded to investors in the secondary mortgage markets. Current credit market conditions, such as significantly reduced and limited availability of credit, increased credit risk premiums for certain market participants and increased interest rates generally, increase the cost and reduce the availability of debt and may continue for a prolonged period of time or worsen in the future.

As of September 30, 2010, LendingTree Loans had two committed lines of credit totaling \$125.0 million of borrowing capacity. The total borrowing capacity on these lines was increased to \$150.0 million effective October 29, 2010 upon renewal of the second line. LendingTree Loans also has a \$25.0 million uncommitted line with one of these lenders. Borrowings under these lines of credit are used to fund, and are secured by, consumer residential loans that are held for sale. Loans under these lines of credit are repaid using proceeds from the sales of loans held for sale by LendingTree Loans. At September 30, 2010, there was \$140.1 million outstanding under the lines of credit.

The \$50.0 million first line is scheduled to expire on June 29, 2011. This line can be cancelled at the option of the lender without default upon sixty days notice. This first line includes an additional uncommitted credit facility of \$25.0 million. This first line is also guaranteed by Tree.com, Inc., Lending Tree, LLC and Lending Tree Holdings Corp. The interest rate under the first line is 2.25% plus the greater of (a) 30-day LIBOR or (b) 2.00%. The interest rate under the \$25.0 million uncommitted line is 30-day LIBOR plus 1.50%. LendingTree Loans is also required to sell at least 25% of the loans it originates to the lender under this line or pay a "pair-off fee" of 0.25% on the difference between the required and actual volume of loans sold.

The borrowing capacity of the second line was increased from \$75.0 million to \$100.0 million upon renewal of the line effective October 29, 2010. The expiration date of this line is October 28, 2011. This second line is also guaranteed by Tree.com, Inc., LendingTree, LLC and LendingTree Holdings Corp. The interest rate under this line was decreased from 30-day Adjusted LIBOR or 2.0% (whichever is greater) plus 2.50% to 3.0% prior to renewal, to 30-day Adjusted LIBOR or 2.0% (whichever is greater) plus 2.25% to 2.5% after renewal, for loans being sold to the lender. Additionally, the interest rate for loans not being sold to the lender was decreased from 30-day Adjusted LIBOR or 2.0% (whichever is greater) plus 2.75% prior to renewal, to 30-day Adjusted LIBOR or 2.0% (whichever is greater) plus 2.25% after renewal.

Although we believe that our existing lines of credit are adequate for our current operations, further reductions in our available credit, or the inability to renew or replace these lines, could have an adverse effect on our business, financial condition and results of operations. LendingTree Loans attempts to mitigate the impact of current conditions and future credit market disruptions by maintaining committed and uncommitted warehouse lines of credit with several financial institutions. However, these financial institutions, like all financial institutions, are subject to the same adverse market conditions and may be affected by recent market disruptions, which may affect the decision to reduce or renew these lines or the pricing for these lines. As a result, current committed warehouse lines of credit may be reduced or not renewed, and alternative financing may be unavailable or inadequate to support operations or the cost of such alternative financing may not allow LendingTree Loans to operate at profitable levels. Because LendingTree Loans is highly dependent on the availability of credit to finance its operations, the continuation of current credit market conditions for a prolonged period of time or the worsening of such conditions could have an adverse effect on our business, financial condition and results of operations, particularly over the next few years.

If we fail to meet the listing requirements of the Nasdaq Stock Market and do not take corrective action as the Nasdaq Listing Qualifications Department may require, trading in our securities may be halted and we may be delisted from the Nasdaq Global Market.

As an issuer listed on the Nasdaq Global Market, we must comply with the Marketplace Rules of the Nasdaq Stock Market in order to maintain that listing. Nasdaq-listed companies that do not maintain compliance with these rules may have trading in their stock halted and, if they do not regain compliance as required by the Nasdaq Listing Qualifications Department, may be delisted.

On November 1, 2010, we notified the Listings Qualifications Department of the Nasdaq Stock Market of Steven Ozonian's resignation from the Company's Board of Directors, effective November 1, 2010, and the resulting non-compliance with Nasdaq Marketplace Rule 5605 ("Rule 5605"), which requires that a majority of the Company's Board of Directors be comprised of independent members. On November 3, 2010, we received notice from Nasdaq advising that, as a result of Mr. Ozonian's resignation from the Board of Directors, we were not in compliance with Rule 5605 and confirming that we were provided a cure period until the earlier of the Company's next annual shareholders' meeting or October 31, 2011 to regain compliance, provided that if the next annual shareholders' meeting is held before April 29, 2011, then we must regain compliance no later than April 29, 2011.

The Company is reviewing alternative methods to regain compliance and is currently conducting a search for a qualified candidate to fill the vacancy left on its Board of Directors. The Company anticipates that it will regain compliance with Rule 5605 within the time period noted. A failure to regain compliance could result in the Company being delisted from the Nasdaq Stock Market. The delisting of our common stock would significantly affect the ability of investors to trade our securities and would negatively affect the value and liquidity of our common stock. In addition, the delisting of our common stock could materially affect our ability to raise capital on terms acceptable to us or at all and could also have other negative results, including the potential loss of confidence by customers and employees, the loss of institutional investor interest and fewer business development opportunities.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

The following table provides information about the Company's purchases of equity securities during the three months ended September 30, 2010.

<u>Period</u>	<u>Total Number of Shares Purchased</u>	<u>Average Price Paid per Share</u>	<u>Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs(1)</u>	<u>Maximum Number/Approximate Dollar Value of Shares that May Yet be Purchased Under the Plans or Programs (in thousands)</u>
07/01/10 - 07/31/10	109,163	\$ 6.38	109,163	\$ 5,832
08/01/10 - 08/31/10	50,588	7.05	50,588	5,474
09/01/10 - 09/30/10	22,916	7.15	22,916	5,309
Total	<u>182,667</u>	<u>\$ 6.69</u>	<u>182,667</u>	<u>\$ 5,309</u>

- (1) On January 11, 2010, the Company announced that its Board of Directors approved a stock repurchase program for an amount up to \$10 million. The program authorizes repurchases of common shares in the open market or through privately-negotiated transactions. The Company began this program in February 2010 and expects to use available cash to finance these repurchases. It will determine the timing and amount of such repurchases based on its evaluation of market conditions, applicable SEC guidelines and regulations, and other factors. This program may be suspended or discontinued at any time at the discretion of the Board of Directors.

The Company did not have any unregistered sales of its equity securities during the three and nine months ended September 30, 2010 except as disclosed on our Current Report on Form 8-K filed with the SEC on September 1, 2010.

Item 1.01. Entry into a Material Definitive Agreement.

On November 16, 2010, Tree.com, Inc. (the "Company") announced that its wholly-owned subsidiary, Home Loan Center, Inc. dba LendingTree Loans ("HLC" or the "Buyer"), entered into an Asset Purchase Agreement (the "Agreement") dated November 15, 2010 with First Residential Mortgage Network, Inc. dba SurePoint Lending ("SurePoint" or the "Seller") and the shareholders of SurePoint named therein (the "Shareholders"). SurePoint, a LendingTree Loans network lender for eleven years, is a full service residential mortgage provider licensed in 45 states and employing over 500 people, including more than 300 licensed loan officers. The Agreement provides for the purchase by HLC of certain specified assets and liabilities of SurePoint related to its business of originating, refinancing, processing, underwriting, funding and closing residential mortgage loans; providing title and escrow services; and providing other mortgage related services, as further described in the Agreement. The acquired assets also include all of the equity interests of Real Estate Title Services, LLC ("RETS"). Under the terms of the Agreement, HLC will make an initial payment of \$6 million in cash upon the closing of the transaction, subject to certain adjustments as described in the Agreement. In addition, for a period of three years, HLC will make additional payments ("Earnout Amounts") to the Seller on an annual basis based on HLC's pre-tax net income derived from the assets acquired pursuant to the Agreement. The aggregate purchase price, including the initial payment and Earnout Amounts, shall not exceed \$23 million. The Company expects to use available cash to fund the acquisition.

The transaction, which is expected to close in the first quarter of 2011, is subject to a number of closing conditions, including that all of the equity interests of RETS shall have been contributed to Seller by the Shareholders, that at least 85% of the production staff and management of SurePoint and RETS offered employment by the Buyer shall have accepted such offers and that Joe Johnson (President of Production) and any employee named on any license of RETS shall have also accepted offers of employment with Buyer, and certain other customary conditions. The Agreement also contains customary representations, warranties, covenants, and indemnification obligations of the parties and certain termination rights, including that each of the Buyer and Seller may terminate the Agreement by mutual written consent or if the other party has materially breached any representation, warranty or covenant contained in the Agreement.

The foregoing description of the Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Agreement, which is filed as Exhibit 2.1 hereto, and is incorporated herein by reference. A copy of the press release announcing the transaction is filed as Exhibit 99.1 hereto.

Forward-Looking Statements

Statements contained in this Current Report on Form 8-K may be considered to be "forward-looking statements" within the meaning of the Securities Act of 1933 and the Securities Exchange Act of 1934, as amended by the Private Securities Litigation Reform Act of 1995. Such statements include those regarding the intent, belief or current expectations or anticipations of the Company and members of our management team and may be identified by words such as "estimate," "project," "forecast," "plan," "believe," "may," "expect," "anticipate," "intend," "planned," "potential," "can," "expectation" and similar expressions, or the negative of those expressions. Factors known to management that could cause actual results to differ materially from those in forward-looking statements are set forth under "Risk Factors" in our Annual Report on Form 10-K for the period ended December 31, 2009, our Quarterly Reports on Form 10-Q for the periods ended March 31, 2010, June 30, 2010 and September 30, 2010, and in our other filings with the Securities and Exchange Commission. We undertake no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or changes to future operating results or expectations.
