CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This prospectus, and the information incorporated by reference in this prospectus, contains "forward-looking statements" within the meaning of the Securities Act of 1933 and the Securities Exchange Act of 1934, as amended by the Private Securities Litigation Reform Act of 1995. These forward-looking statements also include statements related to our anticipated financial performance, business prospects and strategy; anticipated trends and prospects in the various industries in which our businesses operate; new products, services and related strategies; and other similar matters. These forward-looking statements are based on management's current expectations and assumptions about future events, which are inherently subject to uncertainties, risks and changes in circumstances that are difficult to predict. The use of words such as "anticipates," "estimates," "expects," "projects," "intends," "plan" and "believes," among others, generally identify forward-looking statements.

Actual results could differ materially from those contained in the forward-looking statements. Factors currently known to management that could cause actual results to differ materially from those in forward-looking statements include those matters discussed below.

Other unknown or unpredictable factors that could also adversely affect our business, financial condition and results of operations may arise from time to time. In light of these risks and uncertainties, the forward-looking statements discussed in this prospectus may not prove to be accurate. Accordingly, you should not place undue reliance on these forward-looking statements, which only reflect the views of our management as of the date of this prospectus. We undertake no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or changes to future operating results or expectations, except as required by law.

RISK FACTORS

Before making any investment decision with respect to our common stock, you should carefully consider the risks, cautionary statements and other information contained in this prospectus and in our filings with the SEC that we incorporate herein by reference, including our Annual Report on Form 10-K for the year ended December 31, 2012. The risks and uncertainties described in these documents are not the only ones we face. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business. If any of these known or unknown risks or uncertainties actually occurs with material adverse effects on our company, our business, financial condition, results of operation and/or liquidity could be seriously harmed. In that event, the market price for our common stock will likely decline, and you may lose all or part of your investment.

USE OF PROCEEDS

Any proceeds received by us in connection with the issuance of the shares covered by this prospectus (for example, upon the exercise of stock options) will be used for general corporate purposes.

PLAN OF DISTRIBUTION

Shares offered hereby will be issued pursuant to outstanding restricted stock units and stock options issued under the Tree.com, Inc. 2008 Stock and Annual Incentive Plan. As further described below, such plan has been amended from time to time and is currently titled the Third Amended and Restated Tree.com, Inc. 2008 Stock and Annual Incentive Plan, which we refer to as the 2008 Stock Plan.

DESCRIPTION OF THE STOCK PLAN

In August 2008, our board of directors adopted and our stockholders approved the Tree.com, Inc. 2008 Stock and Annual Incentive Plan. In February 2009, our board of directors amended and restated the 2008 Stock and Annual Incentive Plan, which our stockholders approved at our annual meeting of stockholders in April 2009. The amended and restated plan was renamed the Second Amended and Restated Tree.com, Inc. 2008 Stock and Annual Incentive Plan. On February 22, 2012, our board of directors approved the Third Amended and Restated Tree.com, Inc. 2008 Stock and Annual Incentive Plan, which increased the number of shares that may be issued thereunder by 600,000 to 3,350,000. Our stockholders approved the 2008 Stock Plan at our annual meeting of stockholders on June 12, 2012.

A summary of the principal features of the 2008 Stock Plan is provided below but is qualified in its entirety by reference to the full text of the 2008 Stock Plan, which is included as an exhibit to the registration statement of which this prospectus is a part.

Summary of the 2008 Stock Plan

The 2008 Stock Plan permits the discretionary award of incentive stock options ("ISOs"), nonqualified stock options ("NSOs"), stock appreciation rights ("SARs"), restricted stock, restricted stock units, other stock-based awards and bonus awards. Individuals eligible to receive awards and grants under the 2008 Stock Plan include our directors, officers, employees and consultants or the directors, officers, employees and consultants of any of our subsidiaries or affiliates as well as prospective employees and consultants who have agreed to serve us.

Administration

The 2008 Stock Plan is administered by the Compensation Committee or another committee of our board of directors as it may from time to time designate. Among other things, the Compensation

Committee selects individuals to whom awards may be granted, determines the type of award as well as the number of shares of common stock to be covered by each award, determines the terms and conditions of any awards, including performance goals (if any) and their degree of satisfaction and interprets the terms and provisions of the 2008 Stock Plan and any stock award issued under the 2008 Stock Plan. Determinations of the Compensation Committee are final, binding and conclusive.

Eligibility

The 2008 Stock Plan assumed and governs options and restricted stock units that converted from options and restricted stock units for IAC/InterActiveCorp, a Delaware corporation, in connection with our spin-off from IAC/InterActiveCorp. We refer to such options and restricted stock units as "Adjusted Awards" in this prospectus. Notwithstanding the foregoing, the terms of the 2008 Stock Plan described below are applicable to the Adjusted Awards only to the extent that such terms are not inconsistent with the terms of the Adjusted Awards.

In addition to individuals who hold outstanding Adjusted Awards, persons who serve or agree to serve as our officers, employees, non-employee directors or consultants or as officers, employees, non-employee directors or consultants of our subsidiaries and affiliates are eligible to be granted awards under the 2008 Stock Plan. As of April 3, 2013, there were six directors, three executive officers who are not directors and approximately 185 employees other than executive officers who are authorized to receive awards under the 2008 Stock Plan.

Shares Subject to the Plan

After taking into account the addition of 600,000 authorized shares to the 2008 Stock Plan, the 2008 Stock Plan authorizes the issuance of up to 3,350,000 shares of common stock, and no single participant may be granted awards covering in excess of 1,833,333 shares of common stock over the life of the 2008 Stock Plan. On April 3, 2013, the closing price of our common stock on The Nasdaq Stock Market was \$18.55.

The shares of common stock subject to grant under the 2008 Stock Plan are to be made available from authorized but unissued shares or from treasury shares, as determined from time to time by our board of directors. Other than Adjusted Awards, to the extent that any stock award is forfeited, or any option or stock appreciation right terminates, expires or lapses without being exercised, or any award is settled for cash, the shares of common stock subject to the awards not delivered as a result thereof will again be available for use under the 2008 Stock Plan. The 2008 Stock Plan provides that any shares subject to those awards that terminate, expire, or lapse will not count against the maximum number of shares that may be subject to awards granted to any individual participant. However, any shares subject to any awards that are settled for cash will continue to count against the maximum number of shares that may be subject to awards granted to any individual participant. If the exercise price of any option and/or the tax withholding obligations relating to any award are satisfied by delivering shares of common stock (by either actual delivery or by attestation), only the number of shares of common stock issued net of the shares of common stock delivered or attested to will be deemed delivered for purposes of the limits in the plan. To the extent any shares of common stock subject to an award are withheld to satisfy the exercise price (in the case of an option) and/or the tax withholding obligations relating to the award, the shares of common stock will not generally be deemed to have been delivered for purposes of the limits set forth in the plan. Further, any dividend equivalents distributed and any bonus awards that are paid in shares of common stock under the 2008 Stock Plan will count against these maximum share limits.

The 2008 Stock Plan provides that, in the event of a merger, consolidation, acquisition of property or shares, stock rights offering, liquidation, disaffiliation or other similar event, the Compensation Committee or our board of directors may make any substitutions or adjustments as it deems

appropriate and equitable to (1) the aggregate number and kind of shares or other securities reserved for issuance and delivery under the plan, (2) the various maximum limitations set forth in the plan, (3) the number and kind of shares or other securities subject to outstanding awards, (4) the exercise price of outstanding options and stock appreciation rights and (5) the performance goals applicable to any outstanding awards. In the event of stock dividend, stock split, reverse stock split, separation, spin-off, reorganization, extraordinary dividend of cash or other property, share combination, recapitalization or other similar event affecting our capital structure, the 2008 Stock Plan provides that the Compensation Committee or our board of directors shall make any substitutions or adjustments as it deems appropriate and equitable to (1) the aggregate number and kind of shares or other securities reserved for issuance and delivery under the plan, (2) the various maximum limitations set forth in the plan, (3) the number and kind of shares or other securities subject to outstanding awards (4) the exercise price of outstanding options and stock appreciation rights and (5) the performance goals applicable to any outstanding awards.

Types of Awards

As indicated above, several types of stock awards can be made under the 2008 Stock Plan in addition to a cash award. A summary of these types of grants is set forth below. The 2008 Stock Plan governs options and restricted stock units that converted from IAC/InterActiveCorp options and IAC/InterActiveCorp restricted stock units in connection with our spin-off in 2008 as well as other award grants made following the spin-off pursuant to the plan. Notwithstanding the foregoing, the terms that govern IAC/InterActiveCorp options and IAC/InterActiveCorp restricted stock units that converted into our options and restricted stock units in connection with the spin-off govern those options and restricted stock units to the extent inconsistent with the terms described below. Awards issued under the 2008 Stock Plan are evidenced by a written agreement which recites the specific terms and conditions of the award.

Stock Options and Stock Appreciation Rights. Stock options granted under the 2008 Stock Plan may be either ISOs or NSOs. Stock appreciation rights granted under the plan may either be granted alone or in tandem with a stock option. The exercise price of options and stock appreciation rights cannot be less than 100% of the fair market value of the stock underlying the options or stock appreciation rights on the date of grant. Optionees may pay the exercise price in cash or, if approved by the Compensation Committee, in common stock (valued at its fair market value on the date of exercise) or a combination thereof, or by "cashless exercise" through a broker or by withholding shares otherwise receivable on exercise. The term of options and stock appreciation rights is determined by the Compensation Committee, but an ISO may not have a term longer than ten years from the date of grant. The Compensation Committee determines the vesting and exercise schedule of options and stock appreciation rights, and the extent to which they will be exercisable after the award holder's employment terminates. Generally, unvested options and stock appreciation rights terminate upon the termination of employment, and vested options and stock appreciation rights will remain exercisable for one year after the award holder's death, disability or retirement, and three months after the award holder's termination for any other reason other than cause. Vested options and stock appreciation rights terminate immediately upon the awardee's termination for cause (as defined in the plan). Stock options and stock appreciation rights are transferable only by will or by the laws of descent and distribution or, in the case of nonqualified stock options or stock appreciation rights, pursuant to a qualified domestic relations order or as otherwise expressly permitted by the Compensation Committee including, if so permitted, pursuant to a transfer to the participant's family members or to a charitable organization, whether directly or indirectly or by means of a trust or partnership or otherwise.

Restricted Stock. Restricted stock may be granted with restriction periods as the Compensation Committee may designate. The Compensation Committee may provide at the time of grant that the vesting of restricted stock is contingent upon the achievement of applicable performance goals and/or

continued service. In the case of performance-based awards that are intended to qualify under Section 162(m) of the Internal Revenue Code of 1986 (the "Code"), the applicable performance goals will be based on the attainment of one or any combination of the following, with respect to the Company or any subsidiary, division or department of the Company:

- specified levels of earnings per share from continuing operations
- EBITDA
- gross profit
- unit volume
- sales
- earnings per share
- revenues
- return on operating assets
- return on capital
- cost saving levels
- core non-interest income
- total stockholder return (measured in terms of stock price appreciation and/or dividend growth)
- net profit after tax
- EBITA
- cash generation
- market share
- asset quality
- operating income
- return on assets
- return on equity
- profits
- marketing-spending efficiency
- change in working capital
- stock price

These performance goals also may be based upon the attaining of specified levels of the Company, subsidiary, affiliate or divisional performance under one or more of the measures described above relative to the performance of other entities, divisions or subsidiaries. Performance goals based on the foregoing factors are hereinafter referred to as "Performance Goals." The terms and conditions of restricted stock awards (including any applicable Performance Goals) need not be the same with respect to each participant. During the restriction period, the Compensation Committee may require that the stock certificates evidencing restricted shares be held by us. Restricted stock may not be sold, assigned, transferred, pledged or otherwise encumbered, and is forfeited upon termination of employment, unless otherwise provided by the Compensation Committee. Other than restrictions on transfer and any other restrictions the Compensation Committee may impose, the participant has all the rights of a stockholder with respect to the restricted stock award, including the right to vote the shares and receive cash dividends unless otherwise provided in the participant's award agreement.

Restricted Stock Units. The Compensation Committee may grant restricted stock units payable in cash or shares of common stock, conditioned upon continued service and/or the attainment of Performance Goals determined by the Compensation Committee. The terms and conditions of restricted stock unit awards (including any Performance Goals) need not be the same with respect to each participant. The Compensation Committee will determine whether, to what extent and on what terms and conditions each participant receiving restricted stock units will be entitled to receive current or deferred payments of cash, common stock or other property corresponding to dividends payable on our common stock. Holders of restricted stock units are not entitled to any voting rights with respect to the restricted stock units themselves.

Other Stock-Based Awards. Other awards of common stock and other awards that are valued in whole or in part by reference to, or are otherwise based upon, common stock, including (without limitation), unrestricted stock, dividend equivalents and convertible debentures, may be granted under the 2008 Stock Plan.

Bonus Awards. Bonus awards granted to our eligible employees and the eligible employees of our subsidiaries and affiliates under the 2008 Stock Plan are based upon the attainment of the Performance Goals established by the Compensation Committee for the plan year or a shorter performance period as may be established by the Compensation Committee. Bonus amounts earned by any individual will

be limited to \$10 million for any plan year, pro rated (if so determined by the Compensation Committee) for any shorter performance period. Bonus amounts are paid in cash or, in our discretion, in common stock, as soon as practicable following the end of the plan year. The Compensation Committee may reduce or eliminate a participant's bonus award in any year notwithstanding the achievement of Performance Goals.

No Repricing

In no event may any option or stock appreciation right granted under the 2008 Stock Plan be amended, other than in event of certain extraordinary corporate transactions or other transactions affecting our capital structure, to decrease the exercise price thereof, be cancelled in conjunction with the grant of any new option or stock appreciation right with a lower exercise price or otherwise be subject to any action that would be treated, for accounting purposes, as a "repricing" of the option or stock appreciation right, unless the amendment, cancellation, or action is approved by our stockholders.

Change in Control

In the event of a Change in Control (as defined in the 2008 Stock Plan), the Compensation Committee has the discretion to determine the treatment of awards granted under the 2008 Stock Plan, including providing for the acceleration of the awards upon the occurrence of the Change in Control and/or upon a qualifying termination of employment (e.g., without cause or for good reason) following the Change in Control. However, outstanding Adjusted Awards, subject to the terms of the 2008 Stock Plan and unless otherwise provided in the applicable award agreement, will fully vest or all restrictions on these awards shall terminate upon the Termination of Employment (as defined in the 2008 Stock Plan) of the holder of these Adjusted Awards for any reason other than for Cause or Disability or by the holder for Good Reason (all as defined in the 2008 Stock Plan) during the two-year period following a Change in Control.

Withholding for Payment of Taxes

The 2008 Stock Plan provides for the withholding and payment by a participant of any taxes required by applicable law. Subject to our approval and to the terms of the 2008 Stock Plan, a participant may settle a withholding obligation with our common stock, including common stock that is a part of the award giving rise to the withholding obligation. We have the right to deduct any applicable taxes from any payment otherwise due to a participant.

Amendment and Discontinuance

The 2008 Stock Plan may be amended, altered or discontinued by our board of directors, but no amendment, alteration or discontinuance may impair the rights of an optionee under an option or a recipient of a stock appreciation right, restricted stock award, restricted stock unit award or bonus award previously granted without the optionee's or recipient's consent. Amendments to the 2008 Stock Plan require stockholder approval to the extent the approval is required by law or agreement.

Governing Law

The 2008 Stock Plan is governed by the laws of the State of Delaware (which is the state of our incorporation), without reference to principles of conflict of laws.

Recoupment of Compensation

Under the 2008 Stock Plan, we may cause the cancellation of any award, request reimbursement of any award by a participant and effect any other right of recoupment of equity or other compensation provided under the 2008 Stock Plan in accordance with our policies and/or applicable law. In addition, a participant in the 2008 Stock Plan may be required to repay us certain previously paid compensation, whether provided under the 2008 Stock Plan or an award agreement under the 2008 Stock Plan, in accordance with any recoupment policy of the Company.

Certain Federal Income Tax Information

The following discussion is intended only as a brief summary, as of March 31, 2013, of the federal income tax consequences to us and to U.S. participants for awards granted under the 2008 Stock Plan. The federal tax laws may change and the federal, state and local tax consequences for any participant will depend upon his or her individual circumstances.

This summary is not intended to be exhaustive and does not discuss the tax consequences of a participant's death or provisions of income tax laws of any municipality, state or other country. We advise participants to consult with a tax advisor regarding the tax implications of their awards under the 2008 Stock Plan.

Nonqualified Stock Options and Stock Appreciation Rights. Upon the grant of an NSO or stock appreciation right, the participant will not recognize any taxable income and the Company will not be entitled to a deduction. Upon the exercise of a nonqualified option or stock appreciation right, the excess of the fair market value of the shares subject to the exercise of the nonqualified option or stock appreciation right over the exercise price (the "spread") will constitute compensation taxable to the participant as ordinary income. We, in computing our U.S. federal income tax, will generally be entitled to a deduction in an amount equal to the compensation taxable to the participant.

Incentive Stock Options. An optionee will not recognize taxable income on the grant or exercise of an ISO. However, the spread at exercise will constitute an item includible in alternative minimum taxable income, and, thereby, may subject the optionee's gain on exercise to the alternative minimum tax. The alternative minimum tax may be payable even though the optionee receives no cash upon the exercise of the ISO with which to pay the alternative minimum tax.

Upon the disposition of shares of stock acquired pursuant to the exercise of an ISO after satisfaction of a holding period which ends on the later of (i) two years from the date of grant of the ISO or (ii) one year after the exercise of the ISO, generally the optionee will recognize long-term capital gain or loss, as the case may be, measured by the difference between the stock's selling price and the exercise price. We are not entitled to any tax deduction by reason of the grant or exercise of an ISO, or by reason of a disposition of stock received upon exercise of an ISO if the ISO holding period is satisfied. If the optionee disposes of the shares of stock acquired pursuant to the exercise of an ISO before the expiration of the ISO holding period, then the optionee will recognize ordinary income equal to the lesser of (i) the excess of the fair market value over the exercise price of the shares on the date of exercise, or (ii) the excess of the amount realized on the disposition over the exercise price for the shares. Any remaining gain or loss will be long-term or short-term capital gain or loss depending on whether the optionee has held the shares for more than one year. Utilization of losses is subject to special rules and limitations.

Restricted Stock. A participant who receives an award of restricted stock does not generally recognize taxable income at the time of the award. Instead, the participant recognizes ordinary income in the first taxable year in which his or her interest in the shares becomes either: (A) freely transferable or (B) no longer subject to substantial risk of forfeiture. The amount of taxable income is equal to the then fair market value of the shares less the cash, if any, paid for the shares.

A participant may elect (by timely filing a Code Section 83(b) election with the Internal Revenue Service) to recognize income at the time of grant of restricted stock in an amount equal to the fair market value of the restricted stock (less any cash paid for the shares) on the date of the award. We receive a compensation expense deduction in an amount equal to the ordinary income recognized by the participant in the taxable year in which restrictions lapse (or in the taxable year of the award if, at that time, the participant had timely filed the Code Section 83(b) election to accelerate recognition of income).

Restricted Stock Units and Other Awards. In the case of an award of restricted stock units, a performance share bonus or other stock awards, the participant would generally recognize ordinary income in an amount equal to any cash received and the fair market value of any shares received on the date of payment or delivery less the amount of payments made by the participant to acquire such shares. In that taxable year, we would receive a federal income tax deduction in an amount equal to the ordinary income that the participant has recognized.

Internal Revenue Code Section 409A. Section 409A of the Code governs the federal income taxation of certain types of nonqualified deferred compensation arrangements. A violation of Section 409A of the Code generally results in an acceleration of the recognition of income of amounts intended to be deferred and the imposition of a federal excise tax of 20% on the employee over and above the income tax owed, plus possible penalties and interest. The types of arrangements covered by Section 409A of the Code are broad and may apply to certain awards available under the 2008 Stock Plan (such as restricted stock units). The intent is for the 2008 Stock Plan, including any awards available thereunder, to comply with the requirements of Section 409A of the Code to the extent applicable. As required by Code Section 409A, certain nonqualified deferred compensation payments to specified employees may be delayed to the seventh month after the employee's separation from service.

Internal Revenue Code Section 162(m). Section 162(m) of the Code places a limit of \$1 million on the amount of compensation that we may deduct in any one fiscal year with respect to our principal executive officer and each of the other three most highly compensated officers (other than the principal financial officer) ("Covered Employees"). The 2008 Stock Plan is intended to enable certain awards issued to Covered Employees to constitute performance-based compensation that is not subject to the \$1 million annual deduction limitations of Section 162(m) of the Code.

Internal Revenue Code Section 280G. For certain persons, if a change in control of the Company causes an award to vest or become newly payable or if the award was granted within one year of a change in control and the value of such award or vesting or payment, when combined with all other payments in the nature of compensation contingent on such change in control, equals or exceeds the dollar limit provided in Section 280G of the Code (generally, this dollar limit is equal to three times the five year historical average of the individual's annual compensation received from the Company), then the entire amount exceeding the individual's average annual compensation will be considered an excess parachute payment. The recipient of an excess parachute payment must pay a 20% excise tax on this excess amount and the Company cannot deduct the excess amount from its taxable income.

Termination of the 2008 Stock Plan

The 2008 Stock Plan will terminate on August 20, 2018 unless earlier terminated by our board of directors. Termination cannot, however, materially impair the rights of the holder of an award outstanding at the time of the termination in the absence of the holder's consent.

DESCRIPTION OF CAPITAL STOCK

General

The following is a summary of information concerning our capital stock. The summaries and descriptions below do not purport to be complete statements of the relevant provisions of our Amended and Restated Certificate of Incorporation or our Amended and Restated By-laws. The summary is qualified by reference to these documents, which you must read for complete information on our capital stock. Our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws are included as exhibits to the registration statement of which this prospectus is a part.

Our authorized capital stock consists of 50,000,000 shares of common stock, par value \$0.01 per share, and 5,000,000 shares of preferred stock, par value \$0.01 per share.

Common Stock

Dividends. Subject to prior dividend rights of the holders of any preferred shares, holders of shares of our common stock are entitled to receive dividends when, as and if declared by our board of directors out of funds legally available for that purpose.

Voting Rights. Each share of common stock is entitled to one vote on all matters submitted to a vote of stockholders, except that holders of common stock are not entitled to vote on any amendment to the Company's Amended and Restated Certificate of Incorporation. Holders of shares of common stock do not have cumulative voting rights. In other words, a holder of a single share of our common stock cannot cast more than one vote for each position to be filled on our board of directors.

Other Rights. In the event of our liquidation, dissolution or winding up, after the satisfaction in full of the liquidation preferences of holders of any preferred shares, holders of shares of our common stock are entitled to ratable distribution of the remaining assets available for distribution to stockholders. Shares of common stock are not subject to redemption by operation of a sinking fund or otherwise. Holders of shares of common stock are not currently entitled to preemptive rights.

Fully Paid. The issued and outstanding shares of our common stock are fully paid and non-assessable. This means the full purchase price for the outstanding shares of common stock has been paid and the holders of such shares will not be assessed any additional amounts for such shares. Any additional shares of common stock that we may issue in the future will also be fully paid and non-assessable.

Preferred Stock

We are authorized to issue up to 5,000,000 shares of preferred stock, par value \$0.01 per share. Our board of directors, without further action by the holders of our common stock, may issue shares of preferred stock. The board of directors is vested with the authority to fix the designations, preferences and relative, participating, optional or other special rights, and such qualifications, limitations or restrictions thereof, including, without limitation, redemption rights, dividend rights, liquidation preferences and conversion or exchange rights of any class or series of preferred stock, and to fix the number of classes or series of preferred stock, the number of shares constituting any such class or series and the voting powers for each class or series.

The authority possessed by our board of directors to issue preferred stock could potentially be used to discourage attempts by third parties to obtain control of the company through a merger, tender offer, proxy contest or otherwise by making such attempts more difficult or more costly. Our board of directors may issue preferred stock with voting rights or conversion rights that, if exercised, could adversely affect the voting power of the holders of our common stock. There are no current agreements or understandings with respect to the issuance of preferred stock and the board of directors does not have a present intention to issue any shares of preferred stock.

Restrictions on Payment of Dividends

We are incorporated in Delaware and governed by Delaware law. Delaware law allows a corporation to pay dividends only (i) out of surplus, as determined under Delaware law, or (ii) in case there is no such surplus, out of the corporation's net profits for the fiscal year in which the dividend is declared and/or the preceding fiscal year.

Section 203 of the Delaware General Corporation Law

Section 203 ("Section 203") of the Delaware General Corporation Law prohibits certain transactions between a Delaware corporation and an "interested stockholder." Generally, an "interested stockholder" for this purpose is a stockholder who is directly or indirectly a beneficial owner of 15% or more of the outstanding voting power of a Delaware corporation. This provision, if applicable, prohibits certain business combinations between an interested stockholder and a corporation for a period of three years after the date on which the stockholder became an interested stockholder, unless: (1) the transaction which resulted in the stockholder becoming an interested stockholder is approved by the corporation's board of directors before the stockholder became an interested stockholder, (2) the interested stockholder acquired at least 85% of the voting power (as calculated pursuant to Section 203) of the corporation in the transaction in which the stockholder became an interested stockholder, or (3) the business combination is approved by a majority of the board of directors and the affirmative vote of the holders of two-thirds of the outstanding voting stock not owned by the interested stockholder at or subsequent to the time that the stockholder became an interested stockholder. These restrictions do not apply in certain circumstances, including if the corporation's certificate of incorporation contains a provision expressly electing not to be governed by Section 203. If such a provision is adopted by an amendment to the corporation's certificate of incorporation, the amendment will be effective immediately if, among other requirements, the corporation has never had a class of voting stock listed on a national securities exchange or held of record by more than 2,000 stockholders. If this and other requirements are not satisfied, the amendment will not be effective until 12 months after its adoption and will not apply to any business combination between the corporation and any person who became an interested stockholder on or prior to such adoption.

In accordance with Section 203, the restrictions on certain business combinations in Section 203 do not apply in respect of the company.

Anti-takeover Effects of our Certificate of Incorporation and By-laws and Delaware Law

Some provisions of our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws and certain provisions of Delaware law could make the following more difficult:

- acquisition of the company by means of a tender offer;
- acquisition of the company by means of a proxy contest or otherwise; or
- removal of our incumbent officers and directors.

Size of Board and Vacancies

Our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws provide that the number of directors on our board of directors will be fixed exclusively by the board of directors. Newly created directorships resulting from any increase in the authorized number of directors or any vacancies in the board of directors resulting from death, resignation, retirement, disqualification, removal from office or other cause will be filled generally by the majority vote of the directors then in office, though less than a quorum.

Elimination of Stockholder Action by Written Consent

Our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws expressly eliminate the right of stockholders to act by written consent. Stockholder action must take place at the annual or a special meeting of our stockholders.

Stockholder Meetings

Under our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws, stockholders are not entitled to call special meetings of stockholders. Only a majority of our board of directors or specified individuals may call such meetings.

Requirements for Advance Notification of Stockholder Nominations and Proposals

Our Amended and Restated By-laws establish advance notice procedures with respect to stockholder proposals and nomination of candidates for election as directors other than nominations made by or at the direction of the board of directors or a committee of the board of directors. In particular, stockholders must notify the corporate secretary in writing prior to the meeting at which the matters are to be acted upon or directors are to be elected. The notice must contain the information specified in our Amended and Restated By-laws. To be timely, the notice must be received at our principal executive office not later than 60 or more than 90 days prior to the first anniversary of the date for the preceding year's annual meeting of stockholders. However, if the date of the annual meeting is advanced more than 30 days prior to or delayed by more than 30 days after the anniversary of the preceding year's annual meeting, or if no annual meeting was held during the preceding year, notice by the stockholder, to be timely, must be delivered no later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. Moreover, in the event that the number of directors to be elected to the board of directors is increased and we make no public announcement naming all of the nominees for director or specifying the size of the increased board of directors at least 55 days prior to the first anniversary of the date for the preceding year's annual meeting of stockholders, the stockholder's notice will be considered timely, but only with respect to nominees for any new positions created by such increase, if it is delivered to the corporate secretary at our principal executive offices not later than the close of business on the 10th day following the day on which we first made such public announcement.

Undesignated Preferred Stock

The authorization in our Amended and Restated Certificate of Incorporation with respect to the issuance of undesignated preferred stock makes it possible for our board of directors to issue preferred stock with voting or other rights or preferences that could impede the success of any attempt to change control of the company. The provision in our Amended and Restated Certificate of Incorporation authorizing such preferred stock may have the effect of deferring hostile takeovers or delaying changes of control of our management.

LEGAL MATTERS

The validity of the issuance of the shares of common stock covered by this prospectus was passed upon for us by the General Counsel of IAC/InterActiveCorp.

Item 14. Indemnification of Directors and Officers

Section 145 of the General Corporation Law of the State of Delaware (the "DGCL") provides that a corporation may indemnify directors and officers as well as other employees and individuals against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement in connection with any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, in which such person is made a party by reason of the fact that the person is or was a director, officer, employee or agent of the corporation (other than an action by or in the right of the corporation—a "derivative action"), if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe such person's conduct was unlawful. A similar standard is applicable in the case of derivative actions, except that indemnification only extends to expenses (including attorneys' fees) incurred in connection with the defense or settlement of such action, and the statute requires court approval before there can be any indemnification where the person seeking indemnification has been found liable to the corporation. The statute provides that it is not exclusive of other indemnification that may be granted by a corporation's by-laws, disinterested director vote, stockholder vote, agreement or otherwise.

Our Amended and Restated Certificate of Incorporation provides that no director shall be liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation on liability is not permitted under the DGCL, as now in effect or as amended. Currently, Section 102(b)(7) of the DGCL requires that liability be imposed for the following:

- any breach of the director's duty of loyalty to the Company or its stockholders;
- any act or omission not in good faith or which involved intentional misconduct or a knowing violation of law;

- unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the DGCL; and
- any transaction from which the director derived an improper personal benefit.

Our Amended and Restated By-laws provide that, to the fullest extent authorized by the DGCL, as now in effect or as amended, we will indemnify any person who was or is a party or is threatened to be made a party to any action, suit or proceeding by reason of the fact that such person, or a person of whom he or she is the legal representative, is or was a director or officer of the Company, or by reason of the fact such person, or a person of whom he or she is the legal representative is or was serving, at the Company's request, as a director, officer, or trustee of another corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to employee benefit plans maintained or sponsored by the Company. To the extent authorized by the DGCL, the Company will indemnify such persons against all expenses, liability and loss (including attorneys' fees, judgments, fines, ERISA excise taxes or penalties and amounts paid or to be paid in settlement) reasonably incurred or suffered by such persons in connection with such service. Any amendment of these provisions will not reduce the indemnification obligations of the Company relating to actions taken before such amendment.

We maintain a directors' and officers' liability insurance policy insuring our directors and officers against certain liabilities and expenses incurred by them in their capacities as such and insuring us, under certain circumstances, in the event that indemnification payments are made by us to such directors and officers.

Item 15. Recent Sales of Unregistered Securities

None.

Item 16. Exhibits and Financial Statement Schedules

The exhibits listed in the accompanying Index to Exhibits are filed or incorporated by reference as a part of this Registration Statement.

Item 17. Undertakings

(a) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) under the Securities Act of 1933 if, in the aggregate, the changes in volume and price represent no more

than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

Provided however, that Paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
 - (i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - (ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.
- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by

means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424 under the Securities Act of 1933;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (6) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
